Greg Thompson, Mayor
L. Wayne Adcock, Vice Mayor

September 23, 2008

To the Honorable Mayor and City Council:

Transmitted herein is the Proposed FY 2009 Budget. This document is a statement of policy and planning which defines the level of services and activities for the upcoming year. In developing this proposed budget, requests were received and reviewed from all departments.

The combined general, special revenue and enterprise fund budgets total \$49.5 million, which represents a change of \$343 thousand or up .7% from the FY 2008 adopted budget.

Although the City's economy is experiencing a significant slow-down, we are still fortunate to have a little commercial development taking place.

BUDGET HIGHLIGHTS

New Personnel

- No full-time equivalent positions were added to the 2009 budget with almost all vacant positions unfunded in an effort to address lack of growth in the local economy (\$539 thousand impact citywide; \$329 thousand impact to the General Fund and \$210 to the Utility Fund)

New and Replacement Capital Outlay

- Over \$1.8 million in new and replacement motor vehicles, heavy equipment, infrastructure and other capital (\$1.6 million impact to the Enterprise Fund)

Benefits

- With increased costs of employee retirement and health care benefits an 18% increase has been added to the FY 2009 budget. Over the next few years the City needs to implement through wellness programs and other initiatives cost saving measures to help keep the rising cost of health care to a minimum.

CAPITAL ASSETS

Continued funding for Electric projects (\$373 thousand) including:

- Funding for pole replacement (\$90 thousand)
- Funding for machinery, vehicles and equipment (\$58 thousand)
- Funding for construction of new building at the warehouse and transformer storage(\$225 thousand)

Continued funding for Water projects (\$422 thousand) including:

- Continued funding for infrastructure (\$337 thousand)
- Funding for buildings, equipment and vehicles (\$85 thousand)

Continued funding for Wastewater projects (\$718 thousand) including:

- Continued funding for infrastructure (\$358 thousand)
- Funding for buildings, vehicles and equipment for the sewage treatment plant and collection system (\$360 thousand)

Funding for CATV and Internet system expansion (\$110 thousand)

Funding for Solid Waste vehicle (\$19 thousand)

Continued funding for Police Department vehicles (\$132 thousand)

Funding for Fire Department furniture, fixtures and computers (\$18 thousand)

REVENUE

The City will modify revenue as needed in several areas for FY 2009. Revenues have decreased during FY 2008 in the General Fund with sales tax revenue and code permits showing sharp decreases as the general economic downturn is evident in our area as well as the rest of the state.

Solid Waste Enterprise Fund Revenue has remained steady as compared to FY 2008 when a modest rate increase was implemented.

Combined Utility Revenue is showing a slight increase due to several factors. A proposed rate increase in both water and sewer is calculated in the revenue budget for FY 2009. In Sewer this increase is offset largely by a decrease in tap fees with CATV and Gas are also showing a decrease in revenue. Electric and Water are both showing an overall increase in revenue.

The graph below shows slight revenue growth over the last few years with a very slight increase projected in 2009 due to the reasons above.

FINANCIAL ASSESSMENT

The City of Monroe has developed and maintained a strong financial position through conservative financial management and adherence to fiscal policies.

Fund Balances

One measure of a city's financial strength is the level of its fund balances (i.e., revenues in excess of expenditures). The City's estimated unreserved fund balance in the General Fund will approximate \$2 million as of December 31, 2008. This balance represents 21% of FY 2008 total General Fund unreserved revenue. The recommended guideline for General Fund fund balance coverage is a minimum of 25% of General Fund revenue. The City's Enterprise funds (Combined Utilities and Solid Waste & Recycling) should have combined unrestricted net assets of \$6.5 million at the end of FY 2008.

Capital Improvement Reserves

Another indicator of a city's financial strength is the level of its capital improvement reserves. By ordinance, the City has established a utility capital improvement reserve to fund large future capital projects. Those reserves currently total \$3.5 million. Included in the annual budget and financed from current revenues is \$1.7 million of funding for this reserve.

Bond Ratings	
Standard & Poor's	
General Obligation	BBB+
Revenue	BBB

The City's bond ratings are further evidence of its financial strength. General obligation bonds are currently rated BBB+ by Standard & Poor's, and revenue bonds are currently rated BBB by Standard & Poor's. Having solid financial policies, prudent financial management practices and strong fund balances and financial reserves are principle reasons for these investment grade bond ratings. These

ratings translate directly into lower interest rates on the City's debt.

Development Activity

In FY 2008, the City was awarded \$500 thousand for the Broad Street (SR 11) Streetscape, which will include sidewalks, decorative brick pavers, street lighting, signage and furniture, landscaping, drainage improvements and safety/ADA improvements. This project will begin near Mill Street and proceed north to Alcovy Street. The project will complement on-going efforts within the Broad Street Corridor, including the Livable Centers Initiative (LCI) planning study completed in FY 2008.

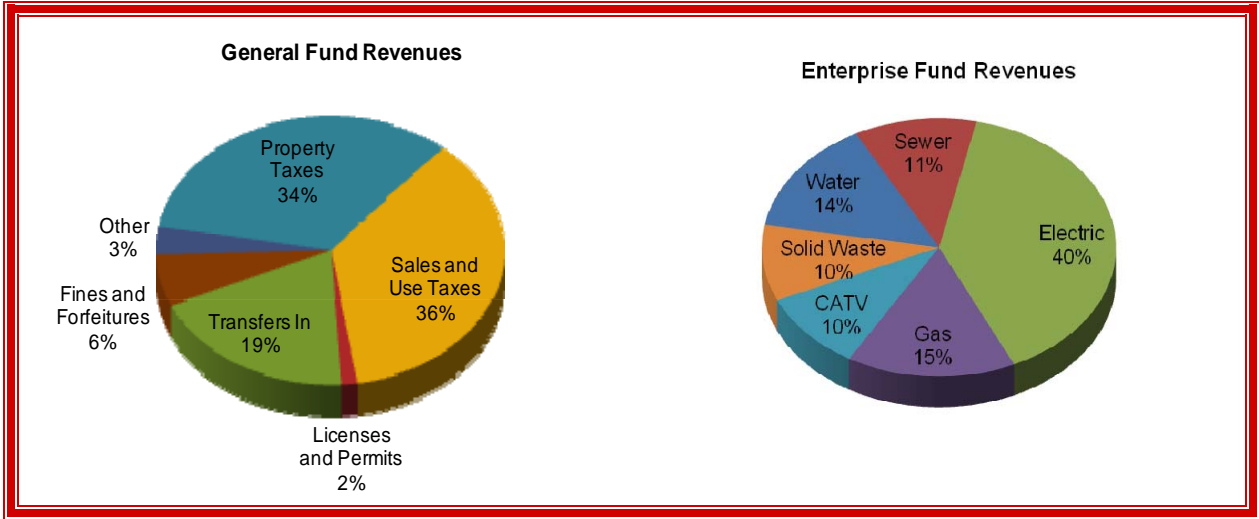

Funds are included in the FY 2009 Budget to rewrite the City's Zoning Ordinances, Code of Ordinances, Development Regulations, and all applicable documents and maps related to the future develop.net and growth management for the City. This should provide the appropriate tools to fully manage new development and shape the City's desired future character.

The new \$100 million Walton Regional Medical Center has broken ground and is expected to open in 2010. We are expecting not only an increase in property and sales tax from this facility but continued commercial growth in the Highway 138 area is evident of the draw that the new hospital is expected to produce.

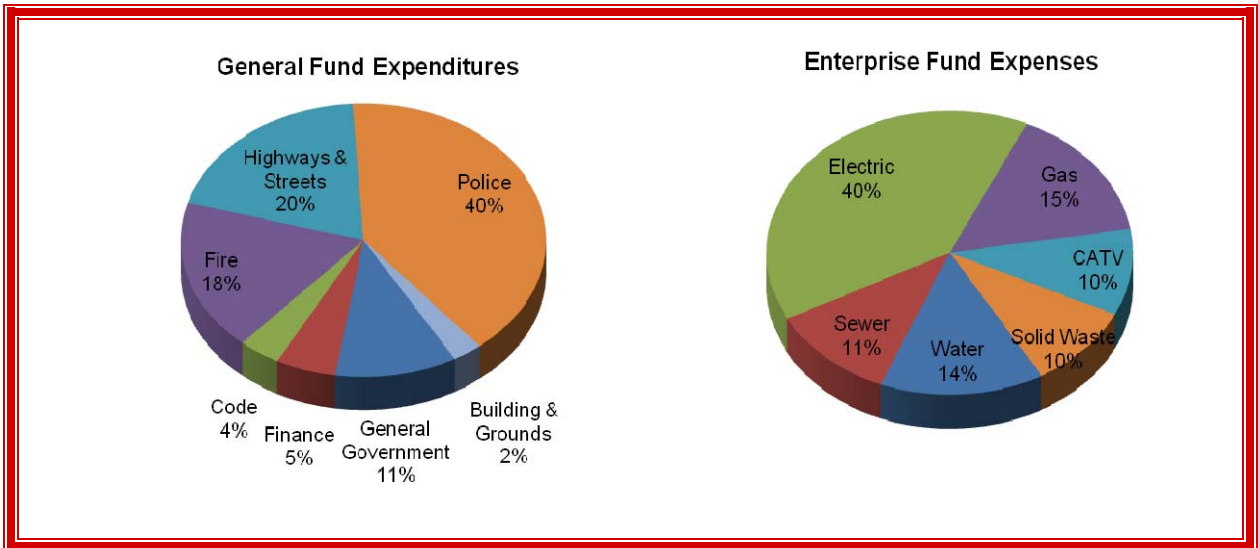

Income/Expenses

The pie charts on the following page portray the City's income and expenses. Revenues are grouped by major category, while expenditures/expenses are shown by department. Local taxes (e.g., city sales tax and property tax) continue to be the largest City revenue source, representing 70% of the FY 2009 total General Fund revenue budget. The largest revenue source in the Enterprise Fund is user charges in the electric utility.

The pie charts below show a breakdown of City revenues and where the money comes from.

The pie charts below show a breakdown of City expenditures/expenses and where the money is spent by fund and department. Police and Highways & Streets represent the greatest areas of appropriation in the General Fund, accounting for 60% of the total budget in FY 2009. Again, for the Enterprise Fund the Electric Division represents the largest area of appropriation.

SPLOST

As part of a special election where voters approved a special one percent sales and use tax, the City will receive SPLOST funds for approximately \$20,196,000 commencing on January 1, 2007 for six years. As part of the referendum, all transportation, drainage and sidewalk projects were financed with bond proceeds. The City of Monroe's portion is \$6 million. As of August 2009, the City has spent \$2.3 million of those funds as follows:

- \$903 thousand for machinery and equipment
- \$1.4 million on street repairs and infrastructure

Conclusion

Increases in water and sewer user fees are included in this budget as part of a proposed two-phase increase in rates. The Budget contains a 2% cost of living raise for all employees effective September 1, 2009 instead of the usual July 1 effective date. Funds for merit increases were excluded from the FY 2009 budget. In summary, I believe this document represents a conservative yet proactive fiscal plan for the upcoming year. Your review and consideration is encouraged.

Respectfully submitted,

Julian L. Jackson, City Administrator
