INTRODUCTION & BUDGET OVERVIEW

Transmittal Letter/Budget Summary

Logan Propes, City Administrator

Honorable Mayor and Members of the City Council:

The City's Finance Department is pleased to present to you the Fiscal Year 2024 balanced budget. This document contains the Capital Improvement Program (CIP) budget along with the Maintenance & Operations (M&O) budget. The process began with departmental requests which were reviewed and modified by myself and the Finance Director based on funding availability, scope of program needs and current performance.

The current FY2023 General Fund budget is \$19,474,219. The **FY2024 General Fund budget is \$17,544,716**, which represents a 10% decrease over 2023, due to a \$2 million grant received in 2023 from Department of Community Affairs for the Town Green park. The current 2023 ad valorem tax rate for the City of Monroe is 6.467 mills, which will primarily fund the FY2024 General Fund budget. One mill equals approximately \$625,000 in ad valorem tax proceeds at a 100% collection rate. This millage rate represents a full rollback rate from the prior year.

The total **Combined Utilities budget for FY2024 is \$46,057,938**. This is a slight decrease of about 2% from the current FY2023 budget of \$46,800,566. The FY2024 Enterprise Fund budget for **Solid Waste includes a slight decrease of 4%, at \$7,877,308**. Both enterprise budgets are conservative and are indicative of the system's growth. There are no utility rate increases in the 2024 budget. In the Solid Waste Fund there is a 4% increase in residential garbage fees, a 10% increase in commercial garbage fees and a 3% increase in transfer station fees.

These funds are supplemented by a robust Special Purpose Local Option Sales Tax (SPLOST) program that delivers a wide array of capital improvement projects. For 2024, SPLOST will fund major transportation project initiatives such as joint city-county-state projects and major parks improvements. Residual revenues from the 2013 SPLOST will continue to fund transportation and sidewalk projects.

All funds combined city-wide are decreasing by 5% for FY2024 with a total **city-wide M&O balanced budget of \$77,438,206**. The decrease is primarily due to the \$2 million grant received in 2023 from DCA for the Town Green park as well as electric and natural gas metered sales expected to decrease due to a reduction in the cost of sales.

In the FY2024 budget, we are adding ten additional full-time positions city-wide, while unfunding eight full-time positions. In the General Fund, we are adding five full-time positions, which consist of: one position in the new Parks department, one position in our Code department and two additional patrol officers in the Police department. One mechanic position was moved from the Solid Waste Fund to the General Fund. We are unfunding four positions within the Code department, along with two part-time positions in the Police department and one part-time position in the Economic Development department. In the Utility Fund, we are adding five full-time positions, which consist of: two positions in the Telecom department, one position for a GIS Analyst and two positions for our Electric underground, as well as a part time position in the Finance department. Several positions in the Utility fund will be unfunded for 2024; the Electric Director and the Electric-Telecom Director within the Electric department, and two positions with the Finance-Customer Service department. In the Solid Waste Fund, we are adding one full-time position in our Collection department, which will take the place of the mechanic position moved to the General Fund, while unfunding one part-time position.

This budget includes potential employee merit increases in salaries for FY2024, of an average of 3%. These adjustments are based on performance evaluations and will be effective by mid-year 2024. Effective January 2024 all full-time employees will also receive a 3% cost of living adjustment (COLA), due to high inflationary

costs. Firefighter salaries are also budgeted to increase by 5% overall effective at the beginning of 2024, this is year two of a three year phase in of proposed increases each year approved in 2023.

There are several new but necessary capital expenditures to ensure our infrastructure and services are top-of-the-line and also of high value for the ratepayer and taxpayer dollar. The portion of the FY2024 budget that includes capital projects totals \$19,836,691 and is outlined in the Capital Improvement Plan. The General Fund portion of \$809,248 is funded by revenue generated in the General Fund and \$1,146,415 from the American Rescue Plan Act funds (ARPA). Other governmental fund capital projects are funded by a dedicated source such as the SPLOST and grants which total \$2,367,763 for the capital projects previously mentioned. By ordinance, the City has established a utility capital improvement reserve to fund future capital projects for expansion and replacement. Utility bond proceeds will fund \$7,330,000 of the total \$14,999,615 utility capital projects budgeted for 2024. Included in the annual budget and financed from current and reserve utility capital revenues is \$5,669,615, along with \$2,000,000 from a GEFA loan. The Solid Waste fund accounts for another \$448,650 in capital expenditures in 2024. The CIP accounts for expenditures over \$5,000 and having a useful life of more than two years.

The City of Monroe received 50% of it's total State and Local Fiscal Recovery Funds of \$5,105,995 from the American Rescue Plan Act in 2021. The remaining 50% was received in July 2022. These federal funds are in a separate fund to be used for eligible uses through 2024 and consistent with the interim final rule by the Department of Treasury.

The development of this budget was a challenging task that involved the evaluation of many competing priorities among our various departments and within the limitations of our available revenue. On balance, I believe that this proposed budget is a responsible fiscal plan that will keep Monroe moving progressively forward.

While some costs have increased, most of the budget is comprised of relatively fixed costs; those being personnel, utility purchases, and debt. There are no major changes for FY2024 regarding scope of services. This budget will only continue to enhance the City's services based on Council's priorities and vision.

I wish to thank and acknowledge the many hours of work, advice and knowledge provided by the dedicated department directors and staff of the City of Monroe that have helped myself and the city council to produce this annual financial plan in order to serve the residents and customers of the City of Monroe.

Sincerely,

Logan Propes
City Administrator

History of the City of Monroe

The City of Monroe, Georgia, the county seat of Walton County, was incorporated on November 30, 1821. The city is proud of our nickname, “City of Governors”, because of the seven Georgia governors the city has produced. Monroe was named after the fifth U.S. President, James Monroe.

The restored Walton County courthouse is the center of Monroe’s Historic District. Also located in this district are the Davis Edwards House and the McDaniel-Tichenor House, home to former Georgia Governor Henry D. McDaniel. Both are listed on the National Registry.

Monroe is the largest city in Walton County, with a population of 14,675 per the 2020 census. Walton County is nestled in the Alcovy River basin between the urban sprawl of Atlanta and classic Athens. Monroe offers the best of both those worlds. Our rich history draws visitors to Monroe; our small-town atmosphere, engaging cultural life, and technological capabilities entice them to stay. Monroe is typified by historic homes, a restored downtown core with one of kind experiences, and venerable government buildings. Monroe's growth projection aims to preserve its historic assets while intentionally connecting with planned residential growth and high-tech industries.

For years, many visitors have enjoyed our city as the Antiques Capital of Georgia. Our convenient location makes visiting the tree-lined streets of Downtown Monroe a great day trip or a relaxing weekend destination for shopping and dining.

The City of Monroe offers many events and activities throughout the year, including festivals, a farmer’s market, concerts and parades. We have a widely divergent range of cultural and recreational activities. The City is home to the Monroe Walton Center for the Arts, the Monroe Museum and Visitor’s Center, and the Monroe-Walton County Library, which is a member of the Azalea Regional Library System. Monroe's Cy Nunnally Memorial Airport hosts the only sky-dive club east of Atlanta and an award winning squadron of the Civil Air Patrol. We welcome you to come see our Museum & Visitor’s Center, shop in what is known as the antique capital of Georgia or enjoy hiking trails, parks and other recreational areas around Monroe.

Also attracting both individual and corporate customers is the Utilities Department. This community-owned, full-service utility company provides Monroe and Walton County residents a wide range of services including; water, electricity, gas, sewer, cable TV, high-speed internet, and voice over internet phone service. Additionally, the Utilities Department provides a citywide broadband fiber optic service typically found only in larger metropolitan areas.

Population Overview

TOTAL POPULATION

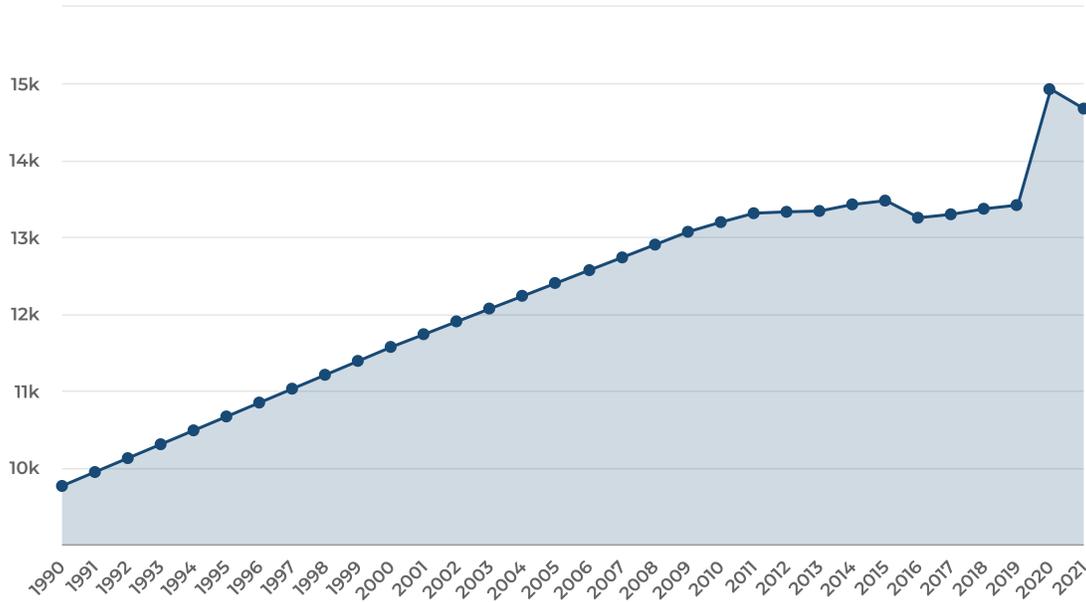

14,675

▼ **1.7%**
vs. 2020

GROWTH RANK

400 out of **538**

Municipalities in Georgia

* Data Source: U.S. Census Bureau American Community Survey 5-year Data and the 2020, 2010, 2000, and 1990 Decennial Censuses

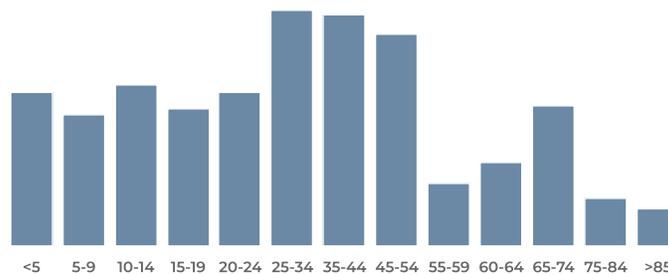

DAYTIME POPULATION

18,359

Daytime population represents the effect of persons coming into or leaving a community for work, entertainment, shopping, etc. during the typical workday. An increased daytime population puts greater demand on host community services which directly impacts operational costs.

* Data Source: American Community Survey 5-year estimates

POPULATION BY AGE GROUP

Aging affects the needs and lifestyle choices of residents. Municipalities must adjust and plan services accordingly.

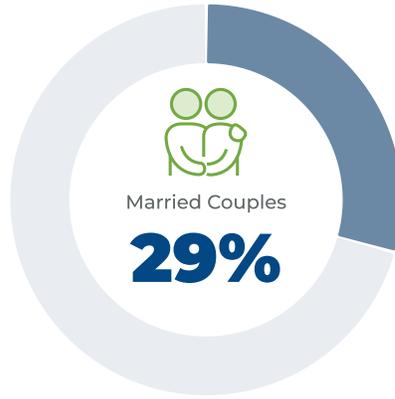

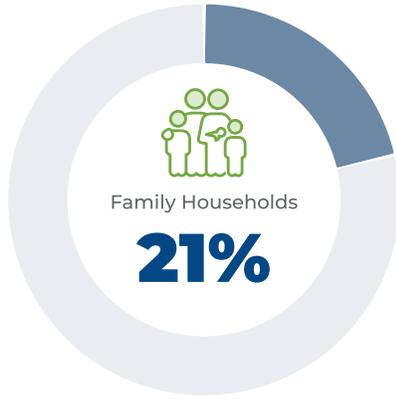

* Data Source: American Community Survey 5-year estimates

Household Analysis

TOTAL HOUSEHOLDS

4,880

Municipalities must consider the dynamics of household types to plan for and provide services effectively. Household type also has a general correlation to income levels which affect the municipal tax base.

City of Monroe's Goals & Initiatives

Goals:	Initiatives:
<p>City Council – To provide sound leadership through diligent policy making while acting to preserve our resources in a fiscally responsible manner.</p>	<ul style="list-style-type: none"> * Listen to citizens concerns and be responsive to their needs. * Maintain low tax burden with lowest possible millage rate
<p>City Employees – To serve the public by creating a safe, community-friendly atmosphere; to provide and preserve the highest quality services.</p>	<ul style="list-style-type: none"> * Ensure projects are completed in a timely manner with the least disruption to our citizens * Maintain the City's current infrastructure and enhance as needed * Provide a safe environment for our citizens through public safety
<p>Communications - To educate our citizens and keep them informed on City programs and to keep an open dialogue with management, staff and the community on a regular basis.</p>	<ul style="list-style-type: none"> * Provide public educational events for our citizens * Continuous updates to the City's website, & social media * Implemented an ESS (Employee Self Service) Portal for all employees.
<p>Economic Development - To ensure continued sustainability of the community by attracting new businesses and encouraging existing businesses to improve and upgrade. Promote livable/walk-able communities.</p>	<ul style="list-style-type: none"> * The Monroe Downtown Development Authority and volunteer Main Street committees continue their efforts to promote the downtown district and attract tourism to the City. The Main Street Program sponsors multiple programs and successful events throughout the year. * The City will closely monitor growth areas for economic development activity and create the appropriate utility infrastructure plans to position the City for maximum commercial and retail development. * Mitigate slum and blight through code enforcement, which has an economic development impact.
<p>Fiscal Responsibility - To make reasonable financial decisions which have the best interest of the City and the community.</p>	<ul style="list-style-type: none"> * Maintain high levels of accounting and reporting standards to be in compliance with local, state and federal laws. * Continue to achieve GFOA awards for Certificate of Achievement for Excellence in Financial Reporting, Distinguished Budget Presentation Award and Award for Outstanding Achievement in Popular Annual Financial Reporting.
<p>Public Infrastructure - To protect, preserve and improve the City's public infrastructure; to plan for future development and prevent system aging by applying proper maintenance techniques.</p>	<ul style="list-style-type: none"> * Continue rehabilitation of sewer and water lines throughout the City with the recently awarded Community Development Block Grant (CDBG) from the Department of Community Affairs (DCA). * Continue rehabilitation on the wastewater treatment plant in lieu of a total plant redesign. * Major sewer & water line expansions, * Fiber expansion across the entire City.
<p>Quality of Life – To provide a well maintained, pleasing atmosphere for all city facilities as well as downtown.</p>	<ul style="list-style-type: none"> * Continue to enhance the appearance on the main city corridors & downtown. * Revitalize all City parks
<p>Transportation - To provide and maintain quality streets; to properly maintain traffic signs and signals; to provide for the alternative transportation needs of all segments of the community.</p>	<ul style="list-style-type: none"> * Continue the street light conversion project to LED for substantial cost savings and citizen safety. * Continue sidewalk projects throughout the City; Spring Street and North Broad Street. * Continue the partnership with Georgia Department of Transportation (GDOT) and Walton County on a much-needed downtown connector project for a commercial truck route around the historic downtown. * Continue street paving with annual LMIG funds.

Strategic & Long Range Financial Plan

A Strategic Planning meeting is held each year with Council members, the Mayor, the City Administrator, the Assistant City Administrator and the Finance Director. Current and future projects are discussed and prioritized based on city-wide goals. In order to accomplish the goals set forth, the city includes them during the budget process for the upcoming fiscal year and in the five-year Capital Improvement Plan. Regular updates are provided by Department Directors to the Mayor and Council throughout the year. This strategic plan is taken into consideration when forecasting future financial projections. The long range financial impact on the city's operating budget is expected to decrease high maintenance costs of old infrastructure throughout the city, while increasing capital costs budgeted through the five-year Capital Improvement plan.

The following are some of the major goals and priorities for the City of Monroe as we move forward:

- Continue rehabilitation of water, sewer & drainage throughout the City with the recently awarded Community Development Block Grant (CDBG) from the Department of Community Affairs (DCA) within the City of Monroe.
- Begin planning of future expansion of the just-completed wastewater treatment plant facility. The first steps will involve state Environmental Protection Division (EPD) analysis of capacities. Then further planning of potential systems designs and funding analysis will commence.
- Begin implementation of several utility capital projects funded through the Series 2020 Revenue Bonds. Many of these projects are shovel ready while others will be designed, engineered, and put out for bid over the next three years. The largest project is the full, city-wide implementation of fiber-optic broadband internet. Additionally, a raw and finished water line will be constructed, new gas system extensions will be constructed, and other water improvements will be implemented.
- Hold the first city events in the Spring of 2024 on the new Downtown Green, which will be completed at the end of 2023. The summer concert series will begin here at the new amphitheater.
- Continue with the master plan in place for revitalization of all city parks, such as the River Park, Hammond Park, and Coker Park.
- Continue streetlight conversion project to LED for substantial cost savings and citizen safety.
- Continuing replacement of old switches and conductors along with other improvements throughout the city's electric infrastructure. Additionally, we have begun deployment of smart meter technology as a pilot program. These projects will reduce line loss and outages and help with system reliability.
- Continue the partnership with Georgia Department of Transportation (GDOT) and Walton County on a much-needed and long-awaited downtown connector project for a commercial truck route around the historic downtown area connecting Hwy 83 and Hwy 11 South. Construction is now in progress and is slated for completion in 2026. Such plans will include a new roundabout for improved traffic flow. This project will eliminate 2,000+ commercial trucks per day from traversing Downtown Monroe.
- With the Eastbound on-ramp to U.S. Hwy 78 now operational and now the Westbound on-ramp to US Hwy 78 from Charlotte Rowell Blvd under construction and scheduled for June 2024 completion, the city continues to maintain a strong relationship with GDOT toward completing projects. Additional longer-term traffic projects in concept phases include various connector roads to increase connectivity in the city and reduce main thoroughfare traffic and signalization upgrades at several other points. These plans will continue to be worked on for state assistance in 2024 and subsequent years.
- The award-winning volunteer Monroe Downtown Development Authority (DDA) and Main Street committees continue their efforts to promote the downtown district and attract tourism to the City. The Main Street Program sponsors multiple programs and successful events throughout the year. The City will continue to support the downtown through financial contributions and a revised alcohol ordinance allowing for new restaurants and businesses such as brewpubs and wine tasting rooms and will allow for a more robust event calendar. In FY 2024, the DDA and City will continue to be extremely supportive of its businesses coming out of the COVID-19 pandemic, the results of which have already been proven through a previous Stabilization Program and continued 100% Downtown occupancy of businesses. Expansion of the Downtown into new properties is also underway. Recently, the City Council expanded the Central Business District to further assist downtown businesses with more pedestrian-friendly rules.
- Continue to enhance the appearance of the main city corridors with grounds keeping along with our city parks and cemeteries.
- The City will closely monitor growth areas for economic development activity and create the appropriate utility infrastructure plans to position the City for maximum commercial and retail development.

Additional resources will be used to help recruit retailers to come to the City of Monroe and also mitigate slum and blight through robust code enforcement, which has an economic development impact and encourages quality redevelopment.

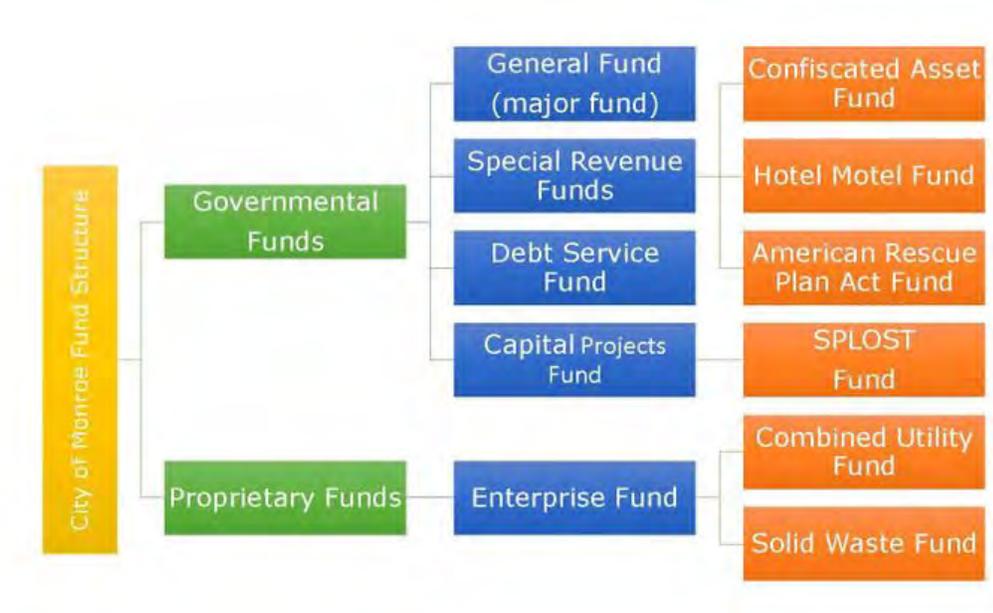

- Renovation of the old Walton Plaza shopping center (now called Blaine Station) anchored by the new Police Department and Municipal Court. This will be a major initiative that will help change the face of the East Spring Street Corridor. Further master planning of the site will help to spur future, quality development in an area that has otherwise been left behind. Additionally, the recent sale of the current police department by the DDA will allow for a higher and better use of limited downtown retail space and will free up significant amounts of downtown parking in the Wayne Street lot.
- Continued focus on many Airport capital improvement projects, such as terminal facilities and other joint GDOT and City project initiatives to make the Airport an economic engine for Monroe and Walton County.
- Installation of Broadband fiber-optic networks throughout the city and expansion of our customer base outside the city. The project will also convert traditional coaxial cable internet customers to high-speed fiber-optic lines and offer the service to everyone in the city.
- Implement Code re-rights related to the City's new Comprehensive plan to a level of detail not done before. This strategic planning was done by staff with assistance from a consultant and covers short and long-range planning for the city concerning services and work programs but also land use. Additionally, the city will add a form-based code update to the code of ordinances, further strengthening the city's comprehensive plan.
- Implementation of a new stormwater management master plan that is currently being worked on. This may involve a subsequent small stormwater fee to be levied in the future for cost recovery of having a robust, urban stormwater management department.
- Implementation of impact fees, for cost recovery of level of service impacts from new homes and businesses so that existing residents and businesses are not additionally burdened by new development.
- The city will be working on a Downtown parking master plan to better promote existing parking in Downtown and enhance existing public parking inventory.
- The city is looking at piloting a program for off-the shelf plans designed by an architect that can be purchased for a low cost for small-scale, incremental, infill development. The home plans will range from about 1300-1600 square feet.

Fund Structure and Basis of Budgeting

The City's financial reporting system is organized on a fund basis consisting of two major types – governmental and proprietary. Each fund is a separate accounting entity with a self-balancing set of accounts. This is in accordance with Generally Accepted Accounting Principles (GAAP). The basis of accounting used for reporting is in accordance with GAAP. The basis for each of the funds is not necessarily the same as the basis used in preparing the budget.

The City of Monroe uses the modified accrual basis for budgeting. However, the actual amounts for the governmental funds are shown on the modified accrual basis and the enterprise funds are full accrual basis with the exception that the depreciation expense is not budgeted, repayments on debts are budgeted as expenses and capital assets are budgeted as expenses in enterprise funds.

Budgets are prepared for each fund except the capital projects fund which adopts project-length budgets and is controlled at the project level with the exception of the SPLOST capital project budget which is included in this document.

Fund Balance

Fund Balance is the difference between assets and liabilities of a governmental fund. Because assets may include non-cash items, fund balance may not represent liquid assets.

Personnel

In the FY2024 budget, we are adding eleven additional full-time positions city-wide, while unfunding eight full-time positions. In the General Fund, we are adding four full-time positions which consist of: one position in the new Parks department, one position in our Code department and two additional patrol officers in the Police department. We are unfunding four positions within the Code department, along with two part-time positions in the Police department and one part-time position in the Economic Development department. In the Utility Fund, we are adding six full-time positions, which consist of: two positions in the Telecom department, one position in our Central Services department, one position for a GIS Analyst and two positions for our Electric underground, as well as a part time position in the Finance department. Several positions in the Utility fund will be unfunded for 2024; the Electric Director and the Electric-Telecom Director within the Electric department, and two positions with the Finance-Customer Service department. In the Solid Waste Fund, we are adding one full-time position and unfunding one part-time position. The half positions are due to split funding between the utility and general funds.

Budget Timeline

The annual budget is the financial platform for both current and future organizational goals of the city. The primary purpose of the annual budget is to balance revenues to expenditures, while using public funds in the most efficient manner to the city and citizens. The City of Monroe's budget process complies with state law and local ordinance. The budget is adopted by resolution after a public hearing is advertised and held, the final budget is also advertised. The budget development is led by the City Administrator who according to local ordinance shall prepare and submit the annual operating and capital budget to the Mayor and Council. The following process represents many months and hours of work involving a wide range of individuals in order to complete the final budget document:

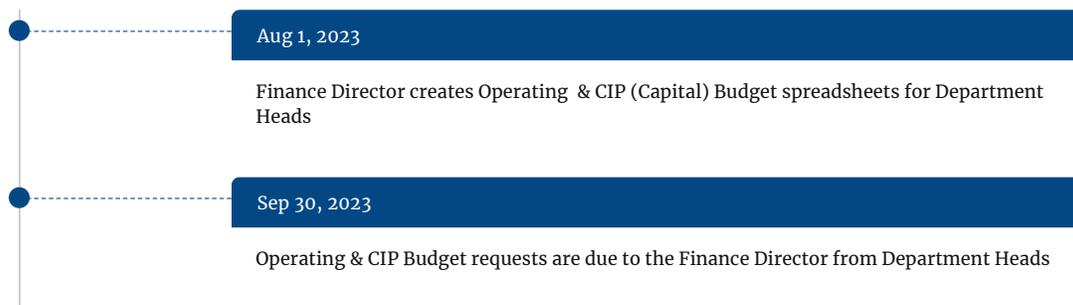

- The Finance Department distributes budget to actual figures to all departments of the City. Staff begins the budget process by reviewing the current year and preparing a preliminary department budget using budget constraints put forth by the administration.
- The Finance Director along with the City Administrator prepares revenue budget estimates. In addition to preparing the revenue budget, customer fees are also analyzed.
- The City Administrator reviews each department's proposed budget, making any needed adjustments.
- Prior to January 1, the City Administrator submits to the Mayor and City Council a proposed operating budget for the fiscal year commencing on January 1. The operating budget includes proposed expenditures and the means for financing them. The City Council meets to discuss the proposed budget and make adjustments as needed.
- The City Council holds a public hearing on the budget, giving notice thereof at least ten days in advance by publication in the local newspaper and the City's website.
- The budget shall be revised and adopted or amended by the City Council at a subsequent regular meeting in the year to which it applies and within forty-five days following January 1. (Meaning a budget must be adopted within 45 days after the new year begins)
- The adopted budget may be revised during the year only by formal action of the City Council in a regular meeting and no increase shall be made without provision also being made for financing same, for anything above the legal level of budgetary control, which is the department level. However, transfers within a department may be made within any fund.

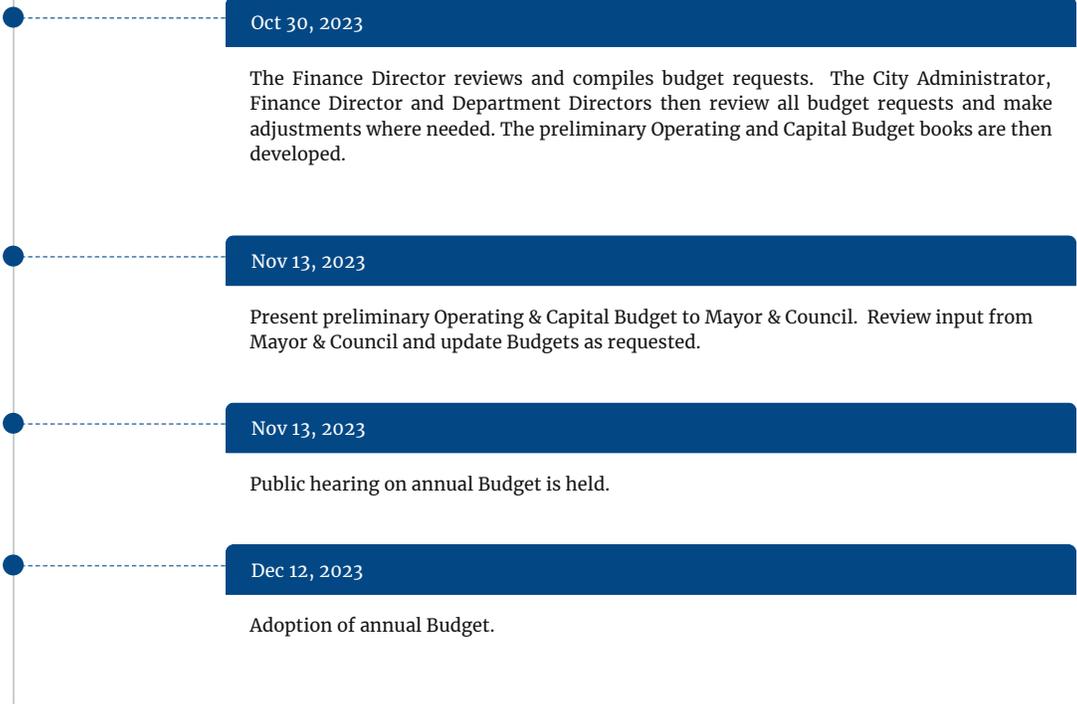

Budget Amendments

The City of Monroe's budget is a dynamic rather than a static plan, which requires adjustments and formal budget amendments as circumstances change. Georgia law regulates how a budget may be amended. There are two types of amendments: budget transfers and appropriation changes.

The Finance Director and City Administrator are permitted to transfer appropriations within a department upon the request of a Department Head. These transfers do not change the total for a department. Transfers between departments and budget amendments require approval of the Mayor and City Council.

The appropriation resolution includes all the City's General Fund and Enterprise funds and the other Governmental funds listed in the table of contents. The City's fiscal year begins on January 1 and ends on December 31.

Budget Resolution

Budget Resolution

A RESOLUTION ADOPTING THE 2024 BUDGET FOR THE CITY OF MONROE, GEORGIA; APPROPRIATING AMOUNTS AS SHOWN IN EACH BUDGET AS EXPENDITURES; ADOPTING THE REVENUE PROJECTIONS; AND PROHIBITING EXPENDITURES TO EXCEED APPROPRIATIONS.

BE IT RESOLVED by the Mayor and City Council of the City of Monroe, Georgia as follows:

WHEREAS, for the purpose of financing the conduct of affairs of the **City of Monroe** during the fiscal year beginning January 1, 2024 and ending December 31, 2024, the Budget of the City's Revenues and Expenditures for such period, as prepared and submitted to the **City Council** by the City Administrator; and so approved by the **Mayor and City Council**.

WHEREAS, the amounts listed are the appropriations so authorized by the **Mayor and City Council** and are approved for the amounts and purpose indicated.

WHEREAS, any pay classification or job description changes contained and funded herein the budget are approved for the amounts and purposes indicated.

WHEREAS, any organizational chart changes or descriptions contained herein the budget are approved as indicated.

WHEREAS, the rates listed are so authorized by the **Mayor and City Council** and are approved for the amounts and purpose indicated.

WHEREAS, a budget amendment is considered any action of the **Mayor and City Council** to purchase items not included in original budgeted figures.

BE IT FURTHER RESOLVED that the expenditures shall not exceed the appropriations authorized by this budget and that the expenditures for the fiscal year shall not exceed funding available.

ADOPTED by the **Mayor and City Council** of the **City of Monroe** this 12th day of December 2023.

John Howard, Mayor
City of Monroe

Attest:

Beverly Harrison, City Clerk

Financial Policies

The City of Monroe uses the following policies to assist with budget and fiscal management. Policies are formally adopted by Council and reviewed regularly for updates as needed.

Budget Policy

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (i.e. expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

When applicable, project length budgets are adopted for the Capital Projects Fund. All annual appropriations lapse at fiscal year-end. Georgia law requires the City to adopt a balanced budget annually. A balanced budget is one in which budgeted funding sources equal budgeted expenditures and fund balance may be used to balance the budget. The City's expenses may not exceed the amounts appropriated, except in the case of an emergency or a contingency, which was not reasonably foreseeable. A Budget Amendment to alter the total appropriation for a department or fund can be requested throughout the year or at year-end. A Budget Amendment that increases revenues and expenditures or crosses departments or funds, requires approval by a resolution passed by the City Council.

Revenue Policy

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. The City shall strive to maintain a diversified and stable revenue structure to shelter it from short-term fluctuations in any primary revenue source. When possible, the City shall have a diversified revenue mix in order to minimize the impact of any economic downturns.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power.

All cash donations to any department or agency of the City must be deposited with the Finance Director's Office. All purchases using such donations must be budgeted for and comply fully with the City's purchasing policies.

Cash Management and Investment Policy

All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City's cash management and investment policies are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

Accounting, Auditing and Financial Policy

The City will maintain its accounting records and issue its annual financial statements in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board (GASB).

The City shall have a qualified certified public accounting firm conduct an independent audit annually, as required by Georgia Law. Any deficiencies noted by the Auditors shall be corrected immediately by the Director of Finance.

Capital Asset Management Policy

This accounting policy establishes the capitalization requirements and minimum cost (capitalized amount) that shall be used to determine the capital assets that are to be recorded in the City of Monroe's annual financial statements. Capital Assets must be capitalized and depreciated for financial statement purposes. A capital asset is defined as an asset that has a useful life that extends beyond two years and was acquired or purchased for a cost of \$5,000 or more. Such assets are recorded at purchased or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life is not capitalized. Any item with a useful life of less than one year or with a cost less than the threshold amount of \$5,000 is required to be expensed.

Debt Policy

The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness. The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument. The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA). No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, Georgia Environmental Finance Authority (GEFA) loan, Georgia Municipal Association (GMA) capital equipment lease, general obligation bond, or revenue bond is issued.

Further, good communication with bond-rating agencies will be maintained in full disclosure on every financial report as well as bond official statements will continue.

FUND SUMMARIES

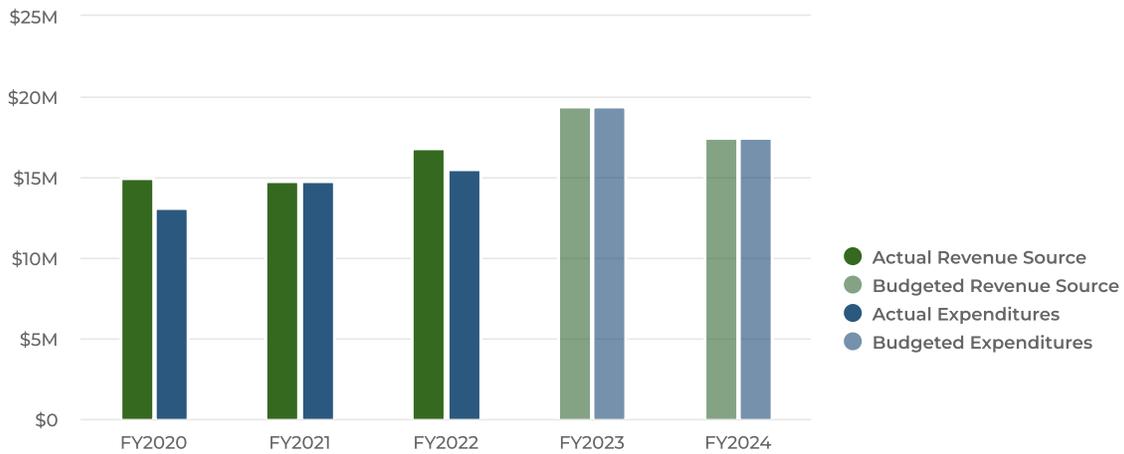

General Fund

The General Fund is the major, principal fund of the City. It supports services associated with the majority of basic governmental activities. The General Fund is used to account for all financial resources, unless they are required to be accounted for within another fund. Revenues in this fund are from taxes, licenses, permits, charges for services, intergovernmental, fines and transfers in from the Utility and Solid Waste funds.

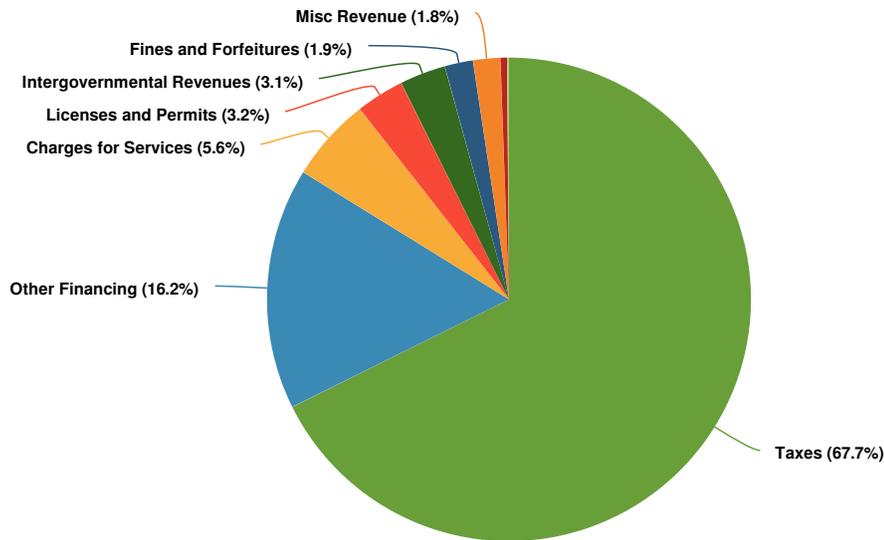

Summary

The City of Monroe is projecting \$17,544,716 of General Fund revenue & expenditures in FY2024, which represents a 10% decrease over the prior year's amended budget. This decrease is primarily due to a \$2 million grant received in 2023 from the Georgia Department of Community Affairs for the Town Green park construction. The General Fund makes up approximately 23% of the entire city-wide budget.

General Fund Full Time Budgeted Positions

FY2024 we have budgeted an additional 5 positions in the General Fund. One additional position in the Parks department, two additional patrol officers in the Police department, one position in the Code department and one mechanic position was moved to the General Fund from the Solid Waste Fund. For 2024, there are four positions unfunded in the Code department.

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private businesses. The Combined Utility Fund is the largest major, proprietary fund accounting for the operations of the Electric, Telecommunications, Water, Sewer and Gas systems of the City as well as GUTA which provides training for city employees as well as other outside organizations.

Funding for the Combined Utilities Fund is provided primarily by user fees. The operating revenues provide funding for the operating and maintenance expenses of the utility, routine repairs and maintenance and debt service on all existing debt connected to utilities. Utility revenue is partially influenced by fluctuations in weather conditions. When we experience mild or severe seasons, rainy or drought conditions, Monroe's largest enterprise fund revenues will increase or decrease accordingly. As the city pays more for the cost of electricity and natural gas, the cost to our customers is also increased. This will also account for fluctuations in revenues.

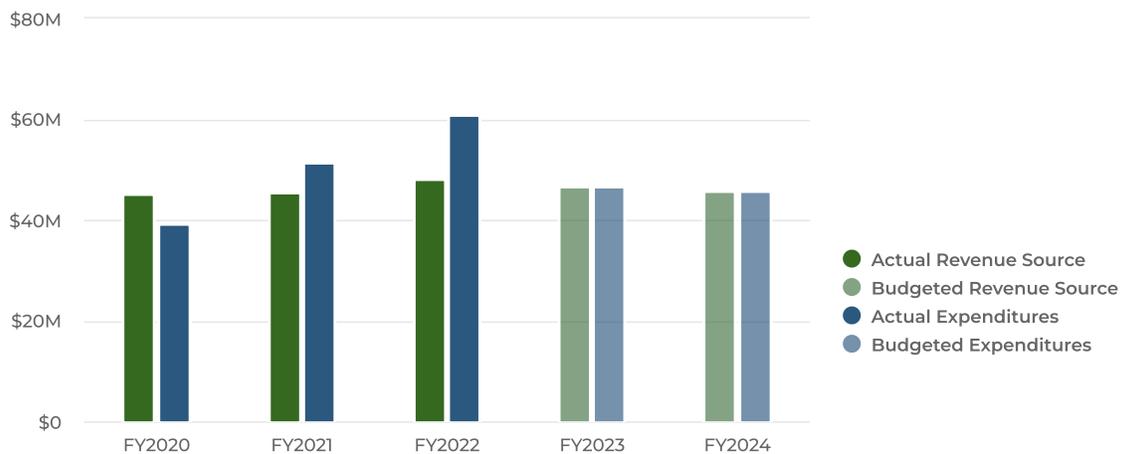

Utilities Fund

Approximately, ten percent (10%) of the gross revenue received per month from the operation of the system is placed in a reserve fund that is kept separate from other funds. The money in this fund is used for expansion or major maintenance and repair of the system. Additionally, a required minimum of five percent (5%) of the gross revenue is paid to the General Fund of the City. For FY2024 6% is budgeted to be transferred to the General Fund.

The City of Monroe Combined Utility provides electric, natural gas, sewer, cable, internet and phone services to customers primarily within the city limits. The City has an adequate supply of water, electricity and natural gas to meet the needs of Monroe's expected demand for the next 15-20 years.

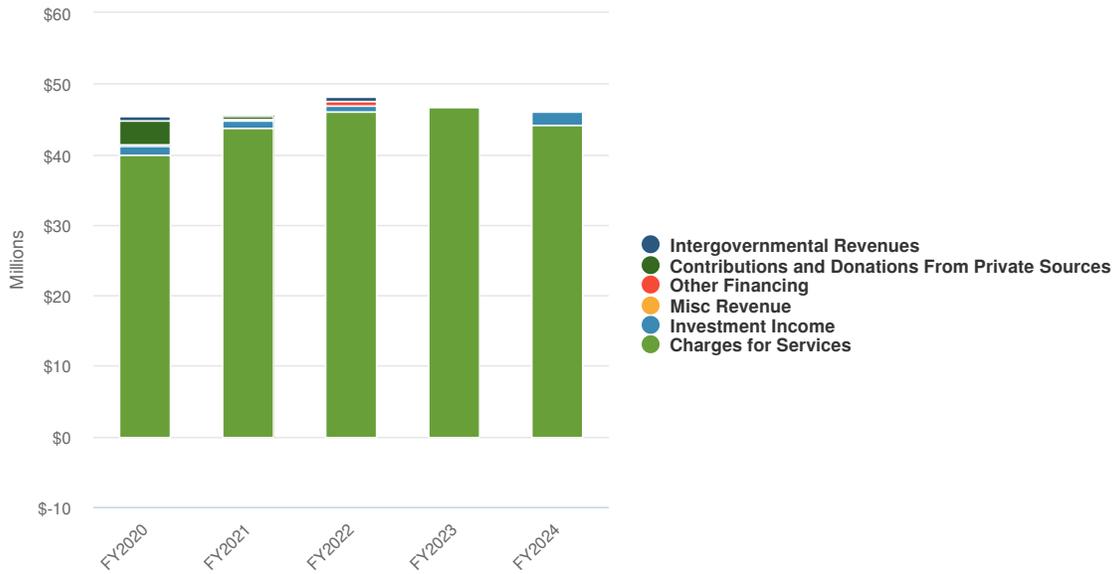

Summary

The City of Monroe is projecting \$46,057,938 of Utility Fund revenues & expenditures in FY2024, which represents a slight decrease of 2% over the prior year's amended budget. This is primarily due to the cost of natural gas to go down substantially in 2024 compared to 2023.

Solid Waste Fund

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private businesses. One major fund includes the Solid Waste Fund. The Solid Waste Fund accounts for all solid waste operations of the City. Approximately, five percent (5%) of the gross revenue received per month from the operation of the system is placed in a reserve fund that is kept separate from other funds. The money in this fund is used for expansion or major maintenance and repair of the Solid Waste division. Additionally, a required minimum of five percent (5%) of the gross revenue is paid to the General Fund of the City. For FY2024 5% is budgeted to be transferred to the General Fund. Solid Waste revenues are derived from charges for services for trash pickup for residential and commercial customers, transfer station revenue and recycling. Sanitation fees from trash pickup services will increase in FY2024 by 4% for residential customers & 10% for commercial customers. Due to increase in costs to the City, transfer station hauler fees will also increase by 3%.

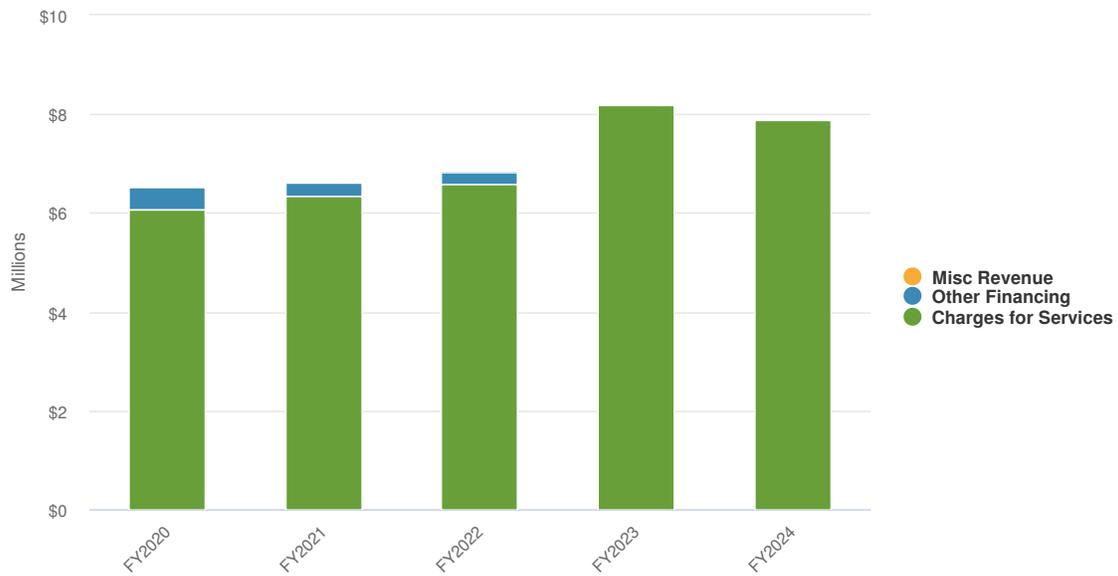

Summary

The City of Monroe is projecting \$7,877,308 of Solid Waste revenues & expenditures in FY2024, which represents a 4% decrease over the prior year. This decrease is primarily due to a projected decrease in transfer station haulers & tonnage in 2024.

SPLOST 2019 Fund

The City’s 2019 Special Local Option Sales Tax Fund (SPLOST) is restricted for Transportation and Parks capital projects. Funds are used to account for financial resources to be used for the acquisition or construction of major capital projects and are budgeted on a project-length basis. This tax must be approved by a majority of the qualified voters of Walton County. This is our third SPLOST which will be in place from 2019-2024. The city's portion of the 1% tax is negotiated and agreed upon with Walton County through an inter-governmental agreement.

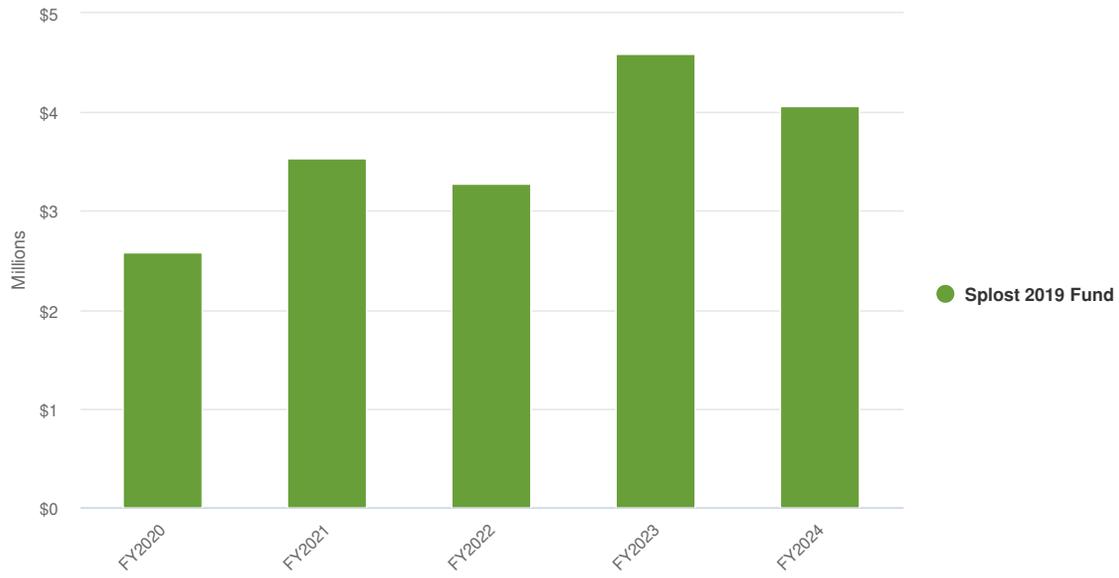

Summary

The City of Monroe is projecting \$3,800,000 of collections in FY2024 for the 2019 SPLOST, which represents a 6% increase of collections over the prior year. Budgeted expenditures are projected to be \$4,068,899 in FY2024.

SPLOST 2013 Fund

The City’s 2013 Special Local Option Sales Tax Fund (SPLOST) is restricted for capital projects. Funds are used to account for financial resources to be used for the acquisition or construction of major capital projects and are budgeted on a project-length basis. Revenue collections for the 2013 SPLOST ended in 2019. Expenditures are projected through the next few years.

Summary

Collection of SPLOST 2013 revenues ended in 2019, so no revenues are budgeted in the current year. Budgeted expenditures are projected to be \$45,000 in FY2024 for transportation capital projects.

Hotel Motel Tax Fund

The Hotel Motel Tax Fund is a Special Revenue Fund used to account for the proceeds of hotel & motel taxes collected and restricted for the promotion of trade and tourism in the city.

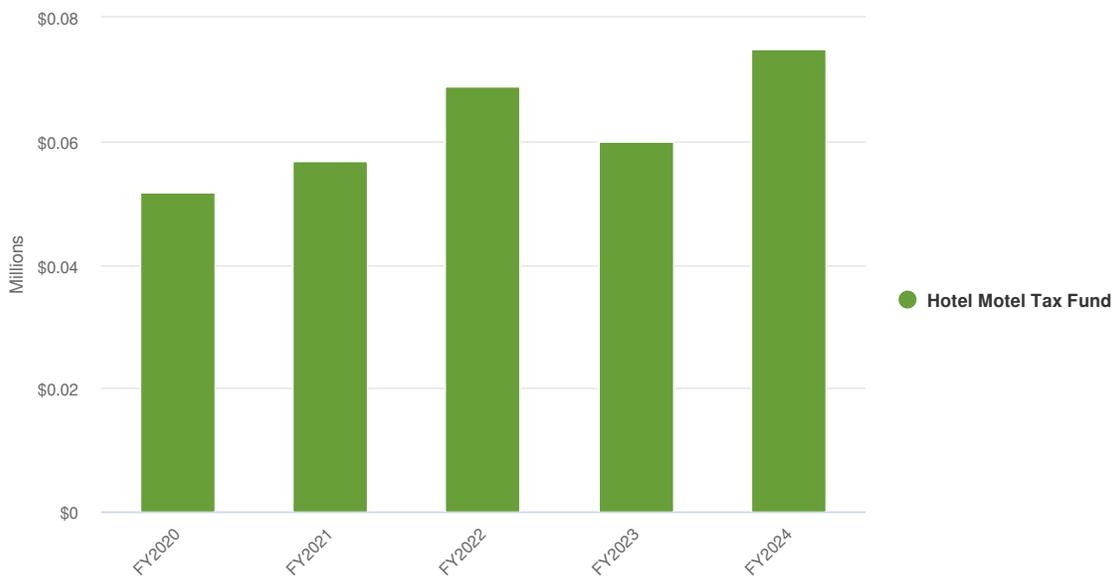

Summary

The City of Monroe is projecting \$75,000 of revenue in FY2024, which represents a 25% increase over the prior year. Budgeted expenditures are projected to increase by the same amount in FY2024. These projected increases are based solely on the increase in hotel & motel collections in Monroe.

American Rescue Plan Act Fund (ARPA)

The City of Monroe received 50% of it's total State and Local Fiscal Recovery Funds of \$5,105,995 from the American Rescue Plan Act in 2021. The remaining 50% was received in July 2022. These federal funds are in a separate fund to be used for eligible uses through 2024 and consistent with the interim final rule by the Department of Treasury.

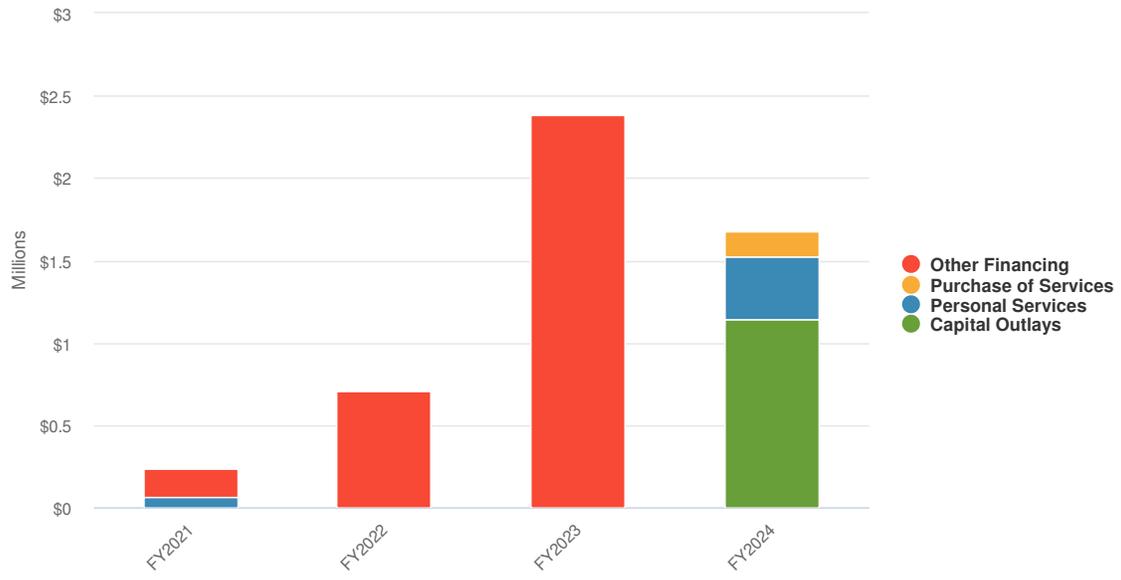

For FY2024 the City has budgeted \$1,676,345 of these funds. \$613,415 for a new Fire Pumper Truck for the Fire department, \$143,000 for Fire equipment, \$40,000 for Mobile Data Terminals with voiceless CAD software for the Fire department, \$350,000 for restoration of the old City Hall building, \$150,382 for form based codes of the city and approximatley \$380,000 are budgeted for increased health insurance claims if needed throughout the year.

FUNDING SOURCES

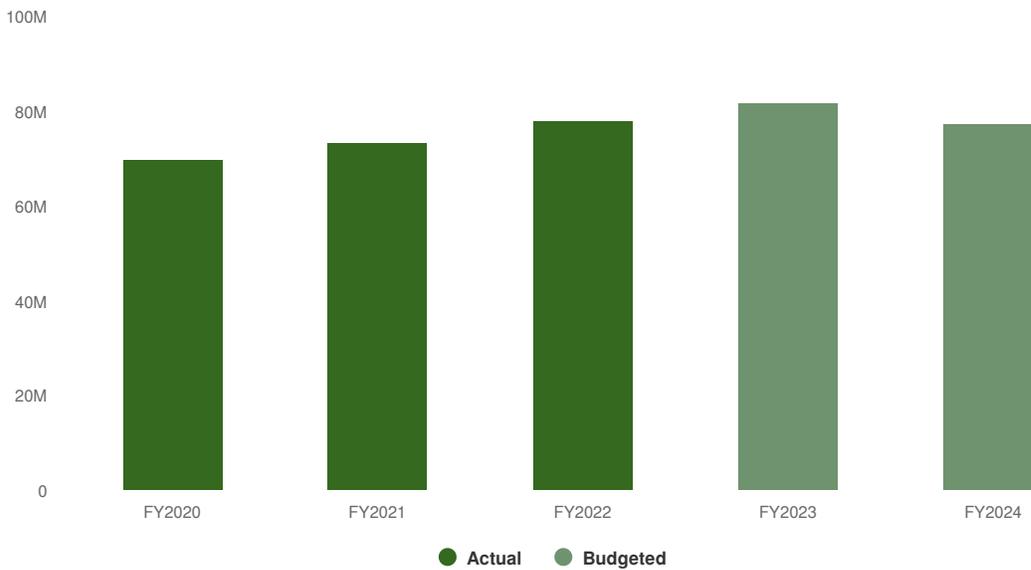

City-wide Revenues

The City of Monroe's revenue consists of eight general types of categories common to all funds of Monroe's government. These categories are Charges for Services, Contributions and Donations, Fines and Forfeitures, Intergovernmental, Licenses and Permits, Miscellaneous, Other Financing Sources and Taxes. The City uses trend analysis to project revenues. Changes in the local economy and state mandates are taken into consideration when using this forecasting method. The total FY2024 balanced budget of \$77,438,206 is estimated on a conservative basis, using current fiscal and historical trends, along with future projections. FY2024 revenues are budgeted at \$4,213,574 less than the prior year. The majority of this decrease is due to \$2 million grant received in 2023, decrease in cost of natural gas sales and electric sales in the Utility fund, as well as decrease in Solid Waste fund revenues due to a decrease in tonnage of transfer station collections.

Charges for Services

This revenue category includes any fee or other billings for services such as cable, electric, natural gas, sewer, solid waste, telecom, water, GUTA, solid waste sanitation fees and transfer station fees.

The Combined Utilities charges for services budget decreased by \$2,562,601 from last year's budget. The majority of this decrease in revenue is from a decrease in the cost of natural gas sales and electric sales. Projections for FY2024 are calculated using a conservative approach. We estimate sales of all other utility services to increase slightly due to growth in the utility department. These revenue sources remain fairly stable barring any extreme weather conditions as we saw in early 2014. The rate structure for water and sewer was reconfigured in 2014 and we expect to see some increased expenditures due to our ongoing sewer & water rehab project. We continue to see growth in residential and commercial fiber internet, as well as residential water, sewer & natural gas. The Solid Waste charges for services budget decreased as well, by \$304,179 due to less transfer station fee collections. Employee contributions for health insurance are expected to remain stable, as well as funding for employee pensions.

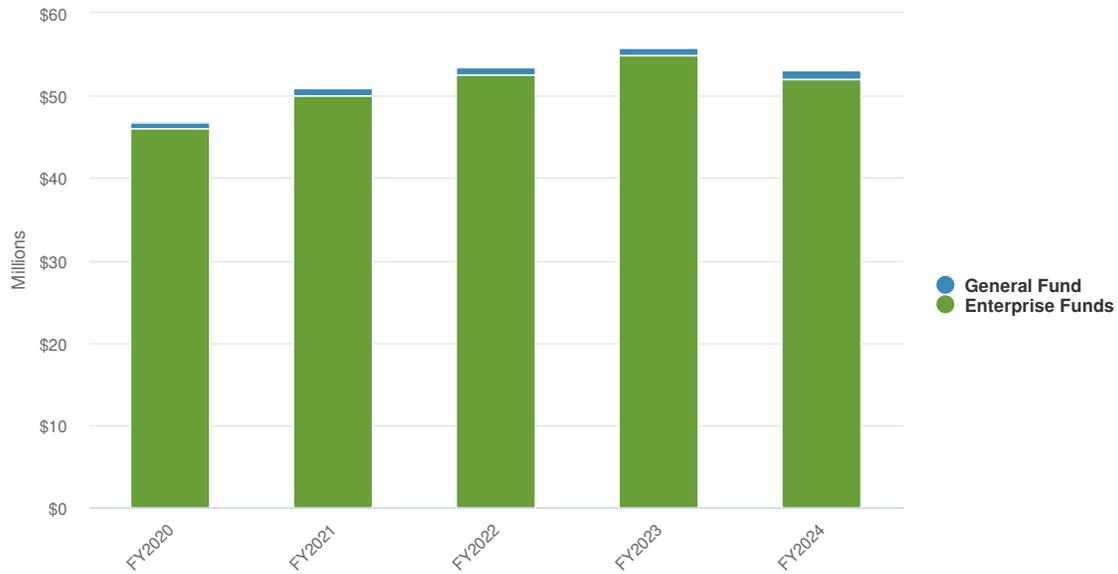

\$53,046,773 **-\$2,747,380**
 (-4.92% vs. prior year)

Taxes Summary

Tax collections include real and personal property tax, 1% Local Option Sales Tax (LOST), Franchise, Insurance Premium, Alcoholic Beverage and Hotel/Motel Tax. The City’s total millage rate for FY2023 is 6.467 mills. This is the full rollback rate, with a 12.94% net tax increase over 2022 due to growth in the digest. Debt service millage for the City is 0.00, leaving 6.467 for the City’s operating millage. Collections in Property Tax, Sales Tax, Franchise Tax and other miscellaneous taxes are expected to increase slightly next year. Occupational Tax collections are expected to remain stable in 2024, after implementing a new fee schedule in 2023. Business license fees will now be based on gross receipts of the business rather than the number of employees.

Fines and Forfeitures Summary

Municipal court traffic fines and citations make up the majority of this revenue source. We have experienced a decrease in the number of violators being sentenced to jail and/or community service, which has impacted revenues over the past couple of years. Fines and Forfeitures are expected to remain stable for 2023.

Intergovernmental Summary

Receipts from local, state and federal governments are included in this category. They include grants, school resource officer and housing authority supplements, payment in lieu of taxes from the local housing authority and 1% Special Local Option Sales Tax (SPLOST). The previous SPLOST collections ended in 2018, as approved projects continue to be completed. A new SPLOST was approved in 2019. Main revenues consist of \$3.8 million in SPLOST and \$200,898 for the LMIG project . Any variances in revenue will be directly tied to the economy & future grants awarded.

Other Financing Sources Summary

The majority of revenues from this category come from inter-fund transfers. The City Charter requires, in lieu of taxes, the transfer of a minimum of 5% of the gross revenue from the receipts of utilities to the general fund. This amount is one of the general fund's largest revenue sources. For FY2024 the budgeted percentage from the Utility Fund is 6% and 5% from the Solid Waste Fund. The budgeted amount for this transfer is directly tied to the Combined Utilities Fund revenue & the Solid Waste Fund revenue. The total amount estimated to be transferred to the General Fund for FY2024 is \$2,833,668; of which \$2,441,402 is from the Utilities Fund and \$392,265 is from the Solid Waste Fund.

CAPITAL IMPROVEMENTS

Capital Improvements: One-year Plan

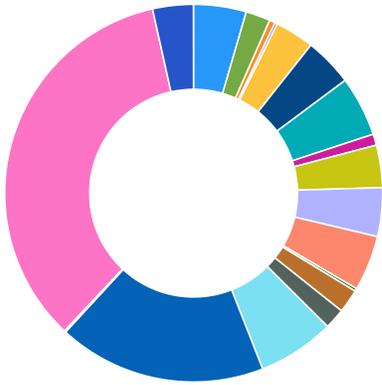

Assets purchased during the year with a value of \$5,000 or more with an expected useful life of more than two years must be capitalized. The Capital Improvement Plan (CIP) is a five-year plan identifying capital projects and equipment purchases. This plan provides justification of those projects each department has identified over the next five years. The CIP is reviewed and updated annually to reflect the needs of the city. The process to develop the city's plan begins with each department identifying the project(s) most essential to the city and the operation of their department. Projects are then presented to the City Council during the budget process for review. Justification of each project is carefully reviewed with funding either approved, delayed to a subsequent year or denied. Budgets for capital projects do not lapse at the end of the fiscal year, but remain in effect until the project's completion. Funding for the 2024 CIP comes from taxes and fees, grants, transfers from the combined utilities capital expansion repair fund and the utility revenue bond.

UTILITY BOND (37%)	\$7,330,000.00
UTILITY CIP (29%)	\$5,669,615.00
TOTAL	\$19,836,690.98

Operating impacts on the current and future budgets are minimal due to the nature of the projects. Projects are either extending utility services, which will increase revenues based on additional growth; rehabilitation, replacement or improvements to existing old infrastructure, equipment or services, which will decrease expenditures in future operating budgets. Replacement of old vehicles and equipment with new vehicles and equipment will lessen the burden of maintenance within the fleet. All vehicles budgeted for FY2024 will be through the Enterprise Lease option, which will also lessen the burden of cash flow within the current year.

Airport Requests

Itemized Requests for 2024

Airport Courtesy Car **\$5,300**

This is to replace the very old vehicles at the Airport being used as courtesy cars. They are both more than 20 years old and are becoming a challenge to maintain. Lease/purchase through Enterprise.

Airport Encroachment Mulching **\$25,000**

Trees that are situated parallel with the runway must be no closer than 200' from runway edge, there are currently trees that have reached enough height that are 165' from runway edge that need to be mulched and removed. This is per DOT...

Airport Lighting Improvements (DESIGN) **\$100,000**

Runway/Taxiway lighting is in need of an upgrade/replacement to LED lighting as current system bulbs, covers, and equipment is becoming obsolete. This will be the design element for state FY24 award hopeful, construction FY25 hopeful (dependent on...

Apron/Commute Paving **\$180,000**

Paving for Hangar Site development in late 2024 or early 2025, then other needed paving for apron/access in 2024.

Obstruction Removal Runway 3/21 (OFFSITE) **\$165,000**

November 2022 LiDar Survey results show many obstruction at state and FAA thresholds, all airports in the state are currently going through this same process. The GDOT has accepted our proposal to remove all onsite obstruction (inhouse...

Obstruction Removal Runway 3/21 (ONSITE) **\$25,000**

November 2022 LiDar Survey results show many obstruction at state and FAA thresholds, all airports in the state are currently going through this same process. The GDOT has accepted our proposal to remove all onsite obstruction (inhouse...

Taxiway Rehabilitation **\$393,196**

Construction portion of Taxiway Rehabilitation for FY24, Tentative Allocation received from DOT.

Total: \$893,496

Code & Development Requests

Itemized Requests for 2024

Ford F150 Pickup x3 Code **\$42,516**

Three Ford F150 pickups 4x2 for City Marshals leased through Enterprise

Total: \$42,516

Fire Operations Requests

Itemized Requests for 2024

Equipment for New Fire Engine **\$50,000**

This capital request is to fund purchasing the equipment necessary for the new fire engine (scheduled for Spring 2024 delivery) to meet its service delivery mission while also being compliant with the Georgia Firefighters Standards and Training...

Fire Engine Replacement (Ordered 2022/Delivery 2024) **\$613,415**

Purchase new replacement fire pumper apparatus. This would be the front line replacement for the used fire pumper purchased in 2019. The order for apparatus was placed in 2022 with expected delivery in Spring 2024.

Fire Training Facility Improvements **\$15,500**

This capital request covers the costs of multiple site improvements at the City of Monroe Fire Department Training Facility. The project is comprised of four components as follows: (1) Sanding, priming, and painting the training facility structure...

Ford F150 Pickup QRV **\$13,000**

Ford F150 4x4 pickup truck used as an additional quick response vehicle (QRV) leased through Enterprise

Mobile Data Terminals (MDT) with Voiceless CAD Software **\$40,000**

This request will fund the purchase of six rugged tablets (mobile data terminals), mounting hardware, and necessary software to allow responding apparatus to have access to live CAD information from the Walton County 911 Center via Motorola...

Structural Firefighting Gear **\$93,000**

This capital request is for the purchase of replacement structural firefighting gear (turnout coat and pants only) before they reach the manufacturer's end of service life.

Total: \$824,915

Police Requests

Itemized Requests for 2024

2019 Lease Police Vehicles	\$19,165
2019 Capital Lease of 6 additional Chevy Tahoes for Uniform Patrol to replace older vehicles currently in the fleet	
2020 Lease Police Vehicles	\$132,129
2020 Capital Lease of 8 additional Chevy Tahoes to continue to update current fleet in Uniform Patrol as well as for planned additional officers to be added to the division. Lease of 2 additional Dodge Durango for Crimininal Investigation Division.	
2021 Lease Police Vehicles	\$81,255
2021 New Capital Lease of 8 additional Chevy Tahoes to continue to update current fleet in Uniform Patrol as well as for planned additional officers to be added to the division. (received mid year)	
2022 Lease Police Vehicles	\$26,710
Two Dodge Chargers & 1 Chevrolet Colorado through Enterprise Lease

DEPARTMENTS

Airport

Chris Croy
Department Director

Total FY2024 budgeted revenues for the Cy Nunnally Memorial Airport are \$210,100, which primarily comes from hanger rent & fuel sales. While total expenditures budgeted by General Funds are \$265,377.

To continue a forward-thinking growth and development plan that continues to grow the airport into an economic tool and benefit for the City with specific attention on safety, facilities, and the functionality of all amenities and facilities through the effective management of funding from federal, state, and local allocations.

Ongoing Objectives:

- Continue to focus on safety improvements to the facility, grounds, and buildings.
- Development of a more economically beneficial area with the development and design of business-friendly facilities and grounds.
- Expand the amenities available to airport patrons and visitors, residential and business communities.
- Provide facilities that invite a higher traffic flow to the airport and provide benefit to the city and visitors.
- Continue to balance both local and grant funding for the most effective expansions of airport facilities and improvements

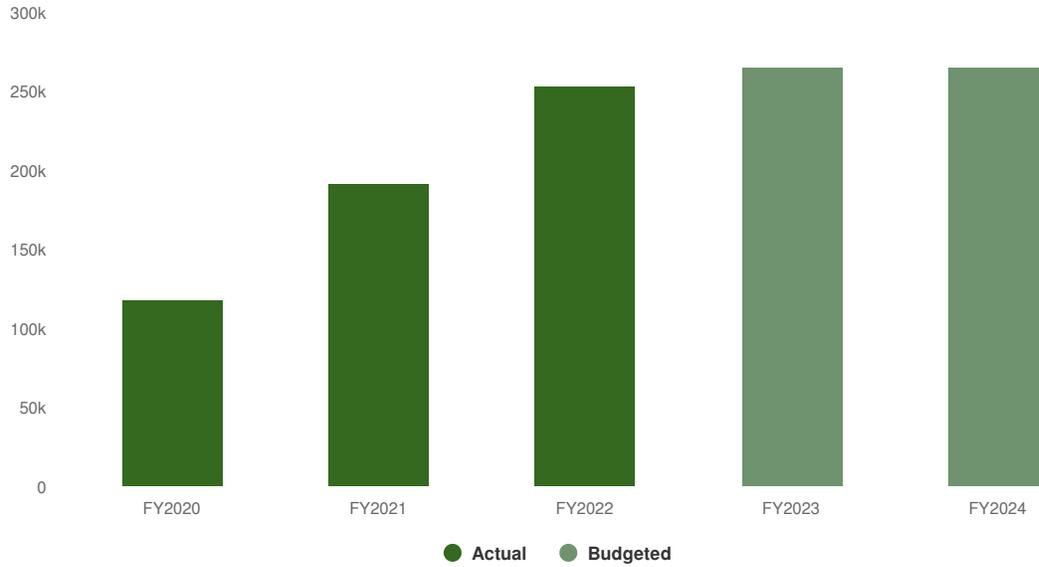

Performance Measures

	FY2022	FY2023	FY2024
Provide quality and safe runways by rehabilitation	N/A	15%	100%
Provide new terminal building	15%	90%	100%
Provide an additional approach to the airport with the removal of obstructions as provided by Georgia DOT	N/A	15%	50%

Buildings & Grounds

Chris Croy
Department Director

Total FY2024 budgeted revenues for the Buildings & Grounds department is \$55,000, while total expenditures are budgeted at \$790,447. Expenditures include the library, community building as well as all City grounds and facilities.

To maintain an exceptionally well-maintained appearance for citizens and visitors to the city with specific attention to safety, imagery, cleanliness, respectfulness, and functionality of all City buildings, facilities, grounds, airport, and downtown through an effective management of labor, money, and material.

Ongoing Objectives:

- Continue to provide efficient and high levels of service and maintenance of all City building, facilities, grounds, cemeteries, airport, and downtown.
- Provide the highest level of functionality and aesthetic appearance for all City buildings, facilities, grounds, cemeteries, airport, and downtown.
- Continue to balance both City and contractor labor for the most effective approach to the achievement of objectives for all City buildings, facilities, grounds, cemeteries, airport, and downtown.

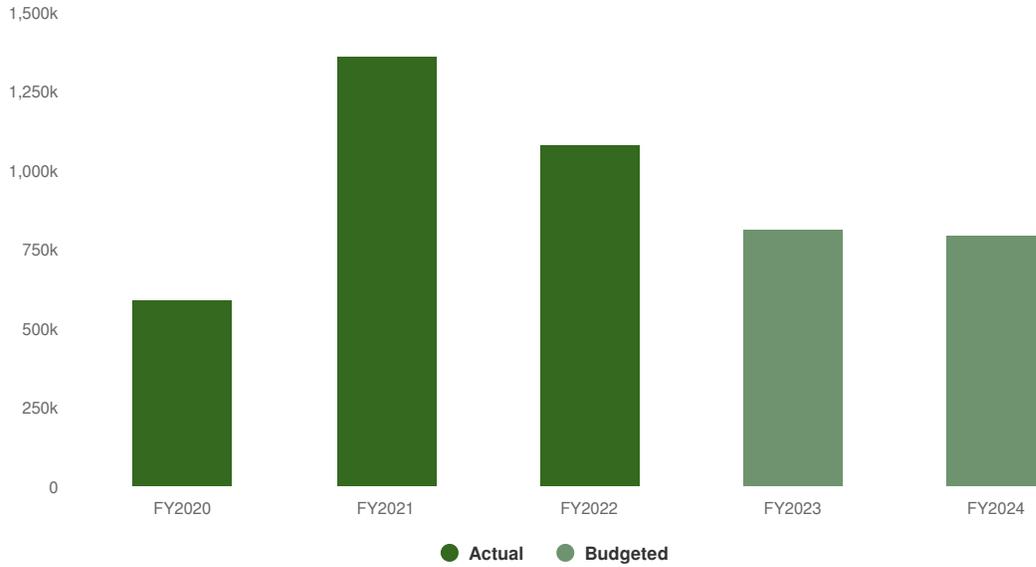

Performance Measures

Cable TV

Mike McGuire
Department Director

Total FY2024 budgeted revenues for the Cable TV department are \$2,505,167, while total expenditures are budgeted at \$4,086,423.

The City of Monroe provides digital cable television to citizens within the city's service territory. The city has no plans to expand the infrastructure of the cable television service, due to the cost and aging of the system. The city still provides cable television and maintains service to the existing 1,700 customers but has no plans to add additional customers.

Ongoing Objectives:

- Provide cable television service for existing customers at an economical cost.
- The city's goal is to provide a streaming service to replace the current cable television service.

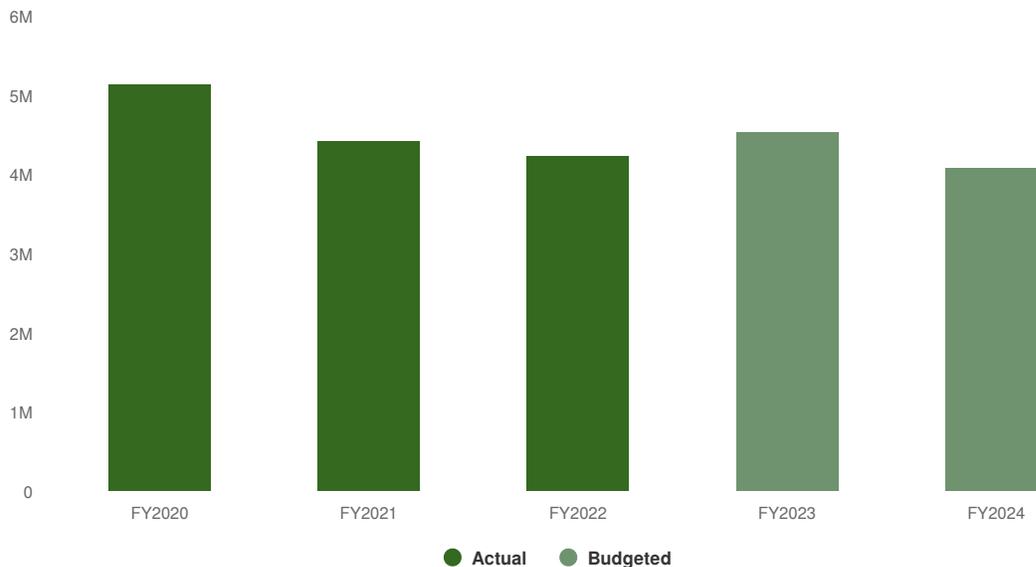

Performance Measures

	FY2022	FY2023	FY2024
Implement a streaming television service	N/A	N/A	100%
Reduce analog & digital cable service	10%	50%	100%

Expenditures Summary

Central Services

Chris Croy
Department Director

To maintain an exemplary department focused on filling the service delivery areas within the city. This department is to consolidate those areas in the city that function for all other areas such as information technology (IT), procurement, marketing, project management, parks, buildings and facilities maintenance, contracts, real estate and other areas across the city.

Ongoing Objectives:

- Continue to provide efficient and high levels of service to all areas of involvement within the city, and for citizens.
- Constantly explore and provide additional assistance to all areas of city operations across departments and divisions to realize better efficiencies and cost savings.
- Continue to leverage funding to create improvements across all areas of the city and to help by providing area expertise and assistance to allow for the better functioning of all areas of impact.
- Provide the best overall value when procuring goods and services, while ensuring the purchasing activities of the City of Monroe are conducted with the highest level of professionalism.

Performance Measures

	FY2022	FY2023	FY2024
Maintain cyber security throughout the City networks, along with employee testing	100%	100%	100%
Provide an efficient purchase process for the acquisition of materials, supplies, equipment, and services throughout the city	100%	100%	100%

Code & Development

Patrick Kelley
Department Director

Total FY2024 budgeted revenues for the Code & Development department are \$590,000, while total expenditures are budgeted at \$723,678. Revenues are primarily from alcohol license fees & building permit fees.

The Code & Development Department is in charge of development & code enforcement for the City of Monroe. The department is also responsible for building inspections. The department issues all building-related permits and the associated activities as they relate to the permits being issued. These activities include plan review for all new construction, remodels, additions, and miscellaneous projects. In addition, the department’s staff issues business licenses for businesses located in Monroe and handles the abatement of nuisance buildings and properties. The staff also functions as secretary to both the Planning Commission and the Historic Preservation Commissions and maintains for public record the minutes and all other documents incidental to the procedures of these Commissions.

Ongoing Objectives:

- To ensure the standards and codes as set forth by the City of Monroe for safety, health and public welfare are implemented and maintained by ensuring and facilitating the design, construction, quality of materials, use and occupancy, and location of all buildings and structures within Monroe in compliance with applicable codes.
- To maintain efforts on tax and business license compliance.
- To modify ordinances to better reflect the current business growth and pursue a greater compliance within the residential areas regarding quality of life for our citizens.
- To provide, through revisions of the existing ordinances, development and building codes, a more consistent, simple and cohesive implementation of the regulations of the City.

Performance Measures

	FY2022	FY2023	FY2024
Implement new business license fees	N/A	100%	100%
Hire and train a new licensing clerk	N/A	N/A	100%
Assist in acquisitions for future potential city projects	N/A	50%	100%
Facilitate rehabilitation, demolitions and new construction with developers, non-profits and owners.	25%	50%	75%

Expenditures Summary

Building Permit Fee Schedule

Adopted October 6, 1998
Revised November 28, 2017
Revised November 2021

Code Department Schedule of Fees

Established fees in connection with the construction codes and ordinances enforced by the
Code Enforcement Department of the City of Monroe, Georgia.

BUILDING PERMIT FEES.

Valuation of Construction shall be determined by multiplying the square footage of the proposed structure by the appropriate value from the ICC table titled "BUILDING VALUATION DATA" dated (latest issue). This valuation is for permit purposes only and in all cases the "average" value in the table shall be used. All others as determined by the Director of Code Enforcement.

1. Total Valuation	Current Fee
\$0.00 to \$3000.00	\$25
\$3000.01 to \$50,000.00	\$25.00 for the first \$3000.00 plus \$5.00 for each additional thousand or fraction thereof, to and including \$50,000.00.
\$50,000.01 to \$100,000.00	\$260.00 for the first \$50,000.00 plus \$4.00 for each additional thousand or fraction thereof, to and including \$100,000.00.
\$100,000.01 to \$500,000.00	\$460.00 for the first \$100,000.00 plus \$3.00 for each additional thousand or fraction thereof, to and including \$500,000.00.
\$500,000 and up	\$1660.00 for the first \$500,000.00 plus \$2.00 for each additional thousand or fraction thereof.
Deck	ICC Valuation Table
Temporary Certificate of Occupancy	\$50
Certificate of Occupancy	\$75
Renewal fee for expired building permit shall be a percentage of the original permit cost	10%
New Residential Garbage Fee	\$65
New Commercial Garbage Fee	\$425
2. Plan Review Fees	
Building plans—When a plan is required the plans review fee shall be one half (1/2) the building permit fee and shall be paid when plans are submitted. This fee is separate from the permit fees.	50%

Tent Permit	\$50 per 30 days
False Fire Alarm Initial & Second**	No Charge
False Fire Alarm Third	\$50
False Fire Alarm Fourth	\$100
False Fire Alarm Fifth	\$200
Fire Alarm Inspection due to non-compliance for false alarms	\$50
Fire Alarm Inspection due to non-compliance for false alarms—follow up & each subsequent inspection	\$100
Blocking Fire Department Access & Appliances—fire lanes, facility entrances, FDC connections, & fire hydrants	\$50
Blocking of Emergency Means of Egress	\$50

*Charges will also apply to New Tenant Inspection when required for a business license.

**False fire alarm fees are per 45 days of initial incident. If a sixth false alarm happens within 45 days the business license will be suspended and a full fire alarm test inspection will be required. The property owner will be required to hire a Fire Protection Company to perform a full test of the alarm system with the Fire Marshal or Designee present to witness the test. The business license will remain suspended until the occupancy has a passing fire alarm inspection report from the Fire Marshal's Offices.

Downtown/Economic Development & Planning

Vacant
Department Director

Total FY2024 budgeted expenditures for the Downtown/Economic Development & Planning department are \$238,217.
Revenues from event fees have been moved to the Main Street department for FY2024.

Ongoing Objectives:

- To provide organized efforts that support community vitality and positive community outcomes through planning, economic development, and housing strategies.
- To oversee the development and sustainable growth of the downtown district using the Main Street approach and other tools that support private investment and encourage inclusion and public engagement.
- To encourage economic development through key partnerships throughout the city, leading to the creation and retention of jobs and the improved quality of life.
- To lead housing initiatives including implementing a housing study, increasing affordable housing stock, safe and sanitary housing, and utilize grant funding to address housing gaps.

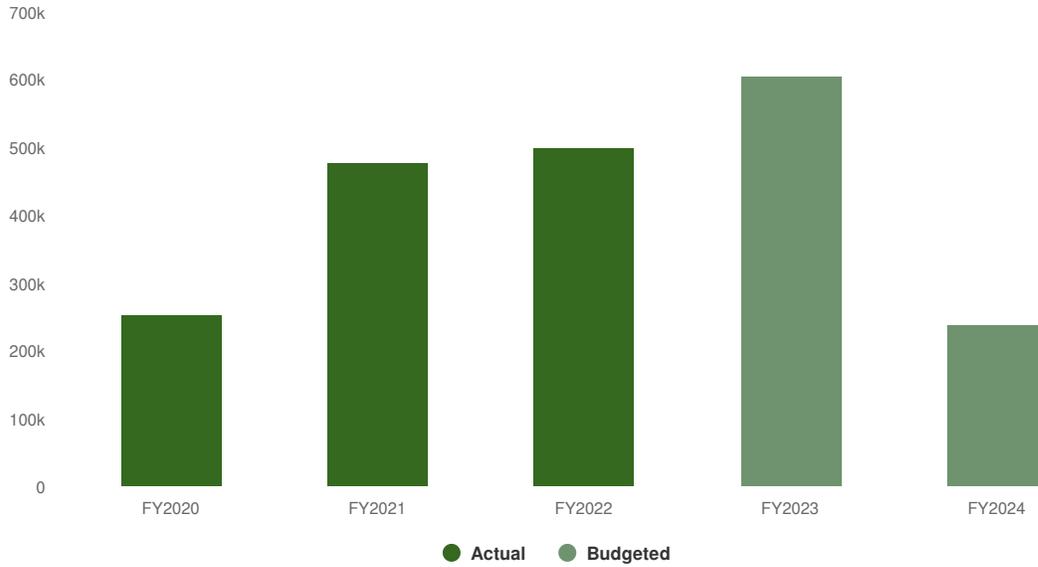

Performance Measures

	FY2022	FY2023	FY2024
Assist with the update of the Comprehensive Plan of the City	100%	100%	N/A
Implement housing initiatives through studies & potential grant funding	10%	75%	85%
Assist with economic development through key partnerships	100%	100%	100%

Expenditures Summary

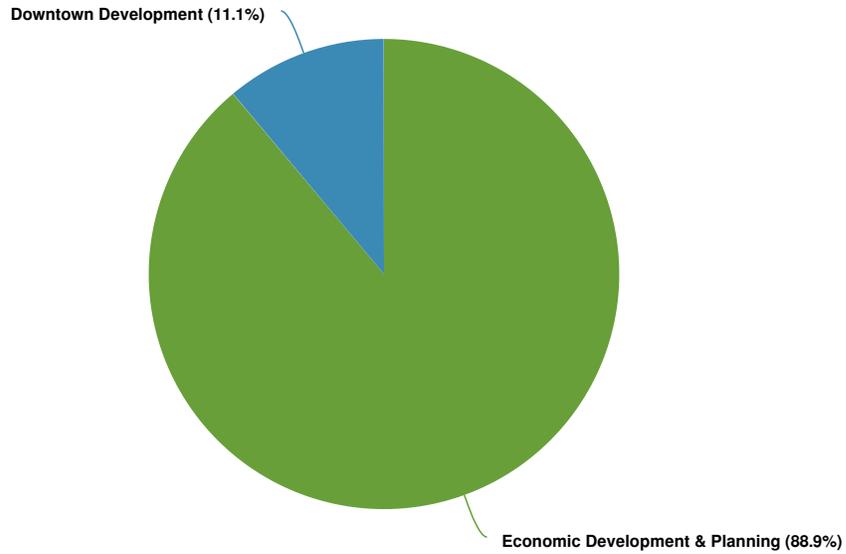

\$238,217 - -\$366,259
 (-60.59% vs. prior year)

Electric

Rodney Middlebrooks
Department Director

Total FY2024 budgeted revenues for the Electric department is \$20,305,167, while total expenditures are budgeted at \$18,377,893.

The City of Monroe's electric department is responsible for providing safe and reliable power to over 6,900 residential, commercial and industrial customers combined. The city provides electricity that is 70% non-emitting from plants owned by Monroe and 48 other Municipal Electric Authority of Georgia (MEAG) member cities. The electric utility of the City, with about 193 miles of electric distribution lines, is substantially confined to an area within or near the corporate City limits of Monroe and customers therein needing electric service must take such service from the City. An exception exists if it is a new customer and the load is expected to exceed 9MW. A new customer whose load exceeds 9 MW falls under the Georgia Customer Choice regulation. This regulation allows the customer to take bids and then contract for their electric service. Under this regulation, the City can likewise provide electric service to customers outside of, but strategically near their service territory.

Ongoing Objectives:

- To provide the residents and businesses of the City of Monroe with outstanding local service, environmental leadership, responsiveness and accessibility.
- To continue working to reduce energy costs and find more efficient and eco-friendly ways to provide its services.
- Obtain a 0% rejection rate on all wood utility poles.
- Increase electric system reliability throughout the city.
- Increase public awareness of electrical safety.
- Continue to strive for a zero-loss accident rate.
- Continue to stay on a five-year inspection schedule with Southeastern Wood Pole Inspectors (SWPI) for maintenance of the electric infrastructure.

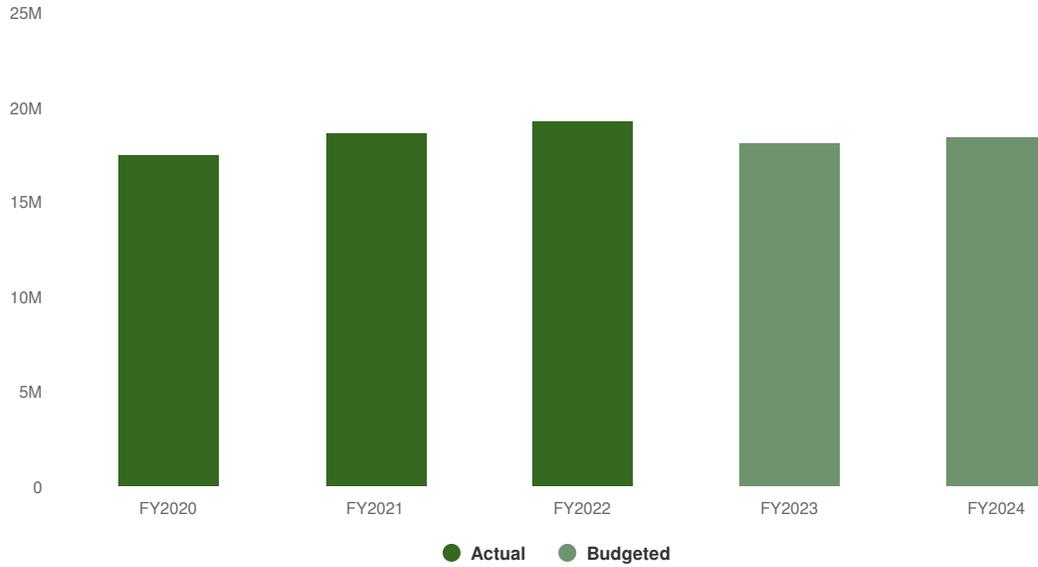

Performance Measures

	FY2022	FY2023	FY2024
Transition street lights to LED	80%	98%	100%
Provide a quick response time to outages	100%	100%	100%

Electric Rates

ELECTRIC RATES

(Effective March 2012)

RESIDENTIAL

	<u>Summer (May - October)</u>	<u>Winter (November - April)</u>
Base Charge	\$10.00	\$10.00
First 700 KWH	\$ 0.09 per kWh	\$ 0.09 per kWh
Over 700 KWH	\$ 0.128 per kWh	\$ 0.078 per kWh

Plus Applicable Power Cost Adjustment and Applicable Sales Tax

Minimum Bill \$10.00 plus Applicable Sales Tax

COMMERCIAL NON DEMAND

Applicable to non-residential service where average monthly energy consumption is less than 3,000 kilowatt-hours, based on the most recent 12 months' data in January each year.

	<u>Summer (May - October)</u>	<u>Winter (November - April)</u>
Base Charge	\$16.00	\$16.00
All kWh	\$ 0.155 per kWh	\$ 0.125 per kWh

Plus Applicable Power Cost Adjustment and Applicable Sales Tax

Minimum Bill \$16.00 plus Applicable Sales Tax

COMMERCIAL DEMAND

Applicable to all commercial or industrial electric service where the average monthly consumption is greater than or equal to 3,000 kilowatt-hours and the maximum monthly demand is less than 1,000 kilowatts.

Base Charge	\$35.00
Demand Charge	\$ 2.50 per kW

Energy Charges:

First 200 kWh per kW of Billing Demand:

First 3,000 kWh	\$0.125 per kWh
Next 7,000 kWh	\$0.117 per kWh
Next 90,000 kWh	\$0.109 per kWh
Next 100,000 kWh	\$0.101 per kWh

Next 200 kWh per kW of Billing Demand	\$0.053 per kWh
Over 400 kWh per kW of Billing Demand	\$0.047 per kWh

Plus Applicable Power Cost Adjustment and Applicable Sales Tax

Minimum Bill \$35.00 per meter plus \$8.00 per kW of billing demand plus applicable Sales Tax

City of Monroe Electric Rates

INDUSTRIAL

Applicable to all commercial or industrial electric service where maximum monthly demand exceeds 1,000 kilowatts.

Base Charge	\$100.00	
Demand Charge	\$ 8.00 per kW	
Energy Charges:		
All consumption kWh not greater than 200 hours times the demand:		
First 200,000 kWh	\$ 0.07 per kWh	
Over 200,000 kWh	\$ 0.06 per kWh	
All consumption kWh in excess of 200 hours and not greater than 400 hours times the billing demand		\$ 0.048 per kWh
All consumption kWh in excess of 400 hours times the demand		\$ 0.042 per kWh

Plus Applicable Power Cost Adjustment and Applicable Sales Tax

Minimum Bill \$100.00 per meter plus \$8.00 per kW of billing demand plus applicable Sales Tax

CHURCH

Applicable to all buildings and facilities owned and solely used by religious institutions and led by licensed members of the clergy. Buildings and facilities used for weekday afternoon educational, preschool and/or recreational purposes may, at the sole option of the City of Monroe, be billed under the otherwise appropriate commercial rate schedule. At the option of high load factor religious institutional accounts, service under the commercial demand tariff may be selected in lieu of this tariff.

Base Charge	\$10.00
All kWh	\$ 0.088 per kW

Plus Applicable Power Cost Adjustment and Applicable Sales Tax

Minimum Bill \$10.00 plus Applicable Sales Tax

CITY GOVERNMENT

Applicable to all aspects of the government of the City of Monroe.

All kWh	\$ 0.08 per kW

Fire

Chief Andrew Dykes
Department Director

Total FY2024 budgeted revenues for the Fire department are \$53,644, while total expenditures are budgeted at \$2,902,804. The largest portion of revenues consist of capital lease proceeds for a new quick response vehicle lease. Expenses include a 5% salary increase for firefighters.

Our Mission: “The City of Monroe Fire Department is dedicated to protecting the lives and property of its citizens and visitors to the community through fire prevention, public education, training, and the delivery of professional fire and emergency services.”

The City of Monroe Fire Department is a full-time fire department that is comprised of two divisions under the direction of the Fire Chief: Fire Operations and Community Risk Reduction. Fire Operations consists of 27 full-time personnel (three shifts of nine personnel) that work a 24 on, 48 off shift rotation in order to provide fire protection and emergency response 24 hours a day to the community. The Community Risk Reduction Division is led by the Fire Marshal and is responsible for fire inspections, plan review, fire investigation, and fire and life safety education programs.

Ongoing Objectives:

The goals of the fire department are the preservation of life and property. These are accomplished through providing fire and life safety education programs to the public, conducting fire inspections and enforcing applicable codes, meeting the required annual training requirements for each position and certification level, and mitigating emergencies by providing fire suppression, rescue operations, and emergency medical first response services.

Accomplishments

- Responded to 2,457 incidents including but not limited to 73 fires, 118 motor vehicle collisions, 7 vehicle extrications, 99 hazardous conditions, and 1,284 rescue and emergency medical incidents.
- Participated in over 6,500 hours of training including hosting joint live-fire training operations with Walton County Fire Rescue at the department’s fire training facility.
- Saved over \$4.4 million in property and contents from fire.
- Reached over 3,000 children and adults through fire and life safety events.
- Placed a quick response squad in service to assist with emergency medical responses that has reduced the number of responses from the department’s fire engines, thus reducing wear and tear.
- Replaced the fire station’s original backup generator to ensure normal station operation in the event of a power outage.
- Purchased personal protective equipment for hostile event response.
- Completed the replacement of the department’s self-contained breathing apparatus (SCBA).

Performance Measures

	FY2022	FY2023	FY2024
Maintain or better the City's class 3 ISO rating	100%	100%	100%

Georgia Utility Training Academy (GUTA)

Chris Bailey
Department Director

Total FY2024 budgeted revenues for the Georgia Utility Training Academy are \$35,000, while total expenditures are budgeted at \$51,750.

The Georgia Utility Training Academy (GUTA) is a state of the art training facility set on 4½ acres that specializes in natural gas, water, wastewater, stormwater, confined space, trenching & shoring, flagging and a fire school.

To continue to enhance and provide an exceptionally well-maintained training program focused on staff needs, other utilities, and areas of needed improvement around the City of Monroe. The focus is to provide a facility that better educates staff to focus on safety, efficiencies, and the practical application of best management practices (BMPs) throughout all areas of the city.

Goals

- Continue to focus on the overall growth of training programs that benefit and support all integrated daily operations within the city.
- Strive to provide the most professional level of training services and atmosphere for staff and visitors.
- Pursue a training facility and program that creates a balanced budget for the successful training of city staff.
- Continue to implement safety measures, guidelines, and rules throughout the city for the protection of personnel and citizens.

Performance Measures

	FY2022	FY2023	FY2024
Provide repairs and rehabilitation to extend the life of the facility	N/A	75%	100%
Effectively reduce external training operations to better focus on internal staff training	N/A	100%	100%
Provide for training, worksite inspections, and internal controls throughout the city	N/A	100%	100%
			4

Expenditures Summary

General Fund Finance

Beth Thompson
Department Director

The Finance Department has the responsibility of providing service and oversight of the various financial functions within the City. Primary functions include accounting, budgeting, accounts payable, payroll, billing and collecting receivables, financial reporting and purchasing. In addition, all utility administration, billing, collection and field services fall within this department.

Ongoing Objectives:

- Received Certificate of Achievement for Excellence in Financial Reporting Program Award for the FY2021 Annual Comprehensive Financial Report (ACFR) from the Government Finance Officers Association (GFOA). This was the 20th year the City of Monroe received the distinguished award. We anticipate being awarded for our FY2022 ACFR as well.
- Received the Popular Annual Financial Reporting Award Program Award from GFOA for the FY2021 Popular Annual Financial Report (PAFR). This was the 18th year the City of Monroe received the award. We anticipate receiving the award for our FY2022 PAFR as well.
- Received the Distinguished Budget Presentation Award for the FY2023 adopted budget from GFOA. This is the 11th year the City of Monroe has received the award.
- Continue to submit annually to GFOA for the COA, PAFR & Budget awards.
- Continue to enforce internal controls to limit fraud.
- Continue to have a clean annual external audit and strive for no material findings.
- Continue to be in compliance to receive State and Federal grant funding.

Performance Measures

	FY2022	FY2023	FY2024
Enforce internal controls & segregation of duties to limit fraud	100%	100%	100%
Submit & receive the Triple Crown award from GFOA	100%	100%	N/A

Expenditures Summary

Municipal Court

Joseph Bryant
Court Administrator

Total FY2024 budgeted revenues for Municipal Court \$300,000, while total expenditures are budgeted at \$275,324.

The City of Monroe Municipal Court exists to prosecute cases that occur within the city’s jurisdiction. Arraignment cases are heard on the first and third Thursday of each month. Trials are held on the third Friday of the month. Court personnel assure the administrative efficiency of the court; protect the court’s ethical integrity, and help maintain public confidence in the court’s fairness in dispensing justice impartially. The City of Monroe Municipal Court is held at our new court building at 140 Blaine Street.

Ongoing Objectives:

- To maintain the efficiency of the court
- To protect the court's ethical integrity
- To maintain the court's fairness in dispensing justice impartially

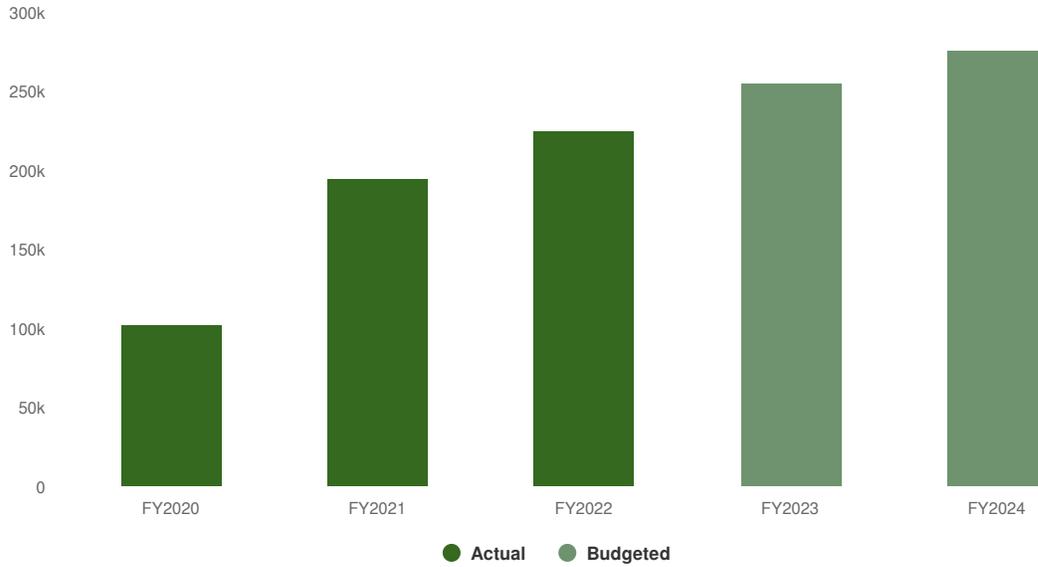

Performance Measures

	FY2022	FY2023	FY2024
Each full-time court employee to complete at least 8 credit hours of judicial education each year	50%	100%	100%
Ensure City employees (court staff, solicitor, judge) with access to driving/criminal records are in compliance with GCIC certification and Security Awareness training	100%	100%	100%

Expenditures Summary

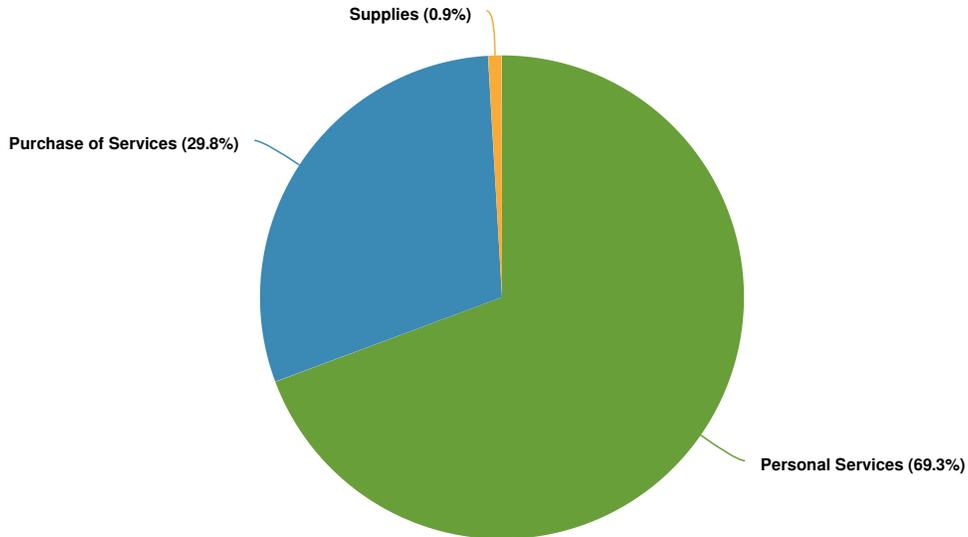

\$275,324 **\$20,380**
(7.99% vs. prior year)

Natural Gas

Rodney Middlebrooks
Department Director

Total FY2024 budgeted revenues for the Natural Gas department are \$4,617,132, while total expenditures are budgeted at \$5,213,422.

The natural gas department is responsible for management, repair and operation of the entire natural gas system within the city's territory. The city distributes natural gas purchased from the Municipal Gas Authority of Georgia (MGAG) to over 4,400 customers. In 1987, the City, along with 62 other municipally-owned natural gas systems in the State of Georgia, began purchasing gas from the Municipal Gas Authority of Georgia (MGAG). The City's natural gas system consists primarily of two delivery stations and approximately 167 miles of natural gas distribution lines. The City's two delivery stations are connected to the Transcontinental Gas Pipe Line Corporation.

Ongoing Objectives:

- To provide natural gas service in a safe, economical way at the best possible rate.
- Continue to increase public awareness of natural gas safety through our Pipeline Public Awareness campaign annually.

Performance Measures

Parks

Chris Croy
Department Director

Total expenditures for the Parks department in FY2024 is \$433,234.

This was a new department of the City for FY2023. Parks department expenses were under Buildings & Grounds and Central Services departments in prior years. The Parks department will continue to enhance and provide an exceptionally well-maintained parks system throughout the city. This means revitalizing the existing parks system, creating an aesthetically pleasing appearance for citizens and visitors to the city with specific attention to safety, cleanliness, inclusiveness, and variety of all City parks through an effective management of labor, money, and material.

Ongoing Objectives:

- Continue to focus on the overall safety and cleanliness by providing high levels of service and maintenance of all City parks.
- Provide the highest level of functionality, inclusiveness, and variety of all City parks by developing parks that work within areas for age groups, density, and accessibility.
- Continue to balance both City and contractor labor, along with citizen involvement for the most effective approach to achievement of objectives for all City parks.
- Continue to implement overall City plans while effectively leveraging SPLOST funding for the improvement and rehabilitation of the park system in the city for use by all citizens and visitors alike.

Performance Measures

	FY2022	FY2023	FY2024
Continuous improvement and rehabilitation to existing City parks	40%	60%	80%
Construct the new downtown Town Green	25%	100%	100%
Provide a high level of service and maintenance to all City parks	100%	100%	100%

Police

Chief RV Watts
Department Director

Total FY2024 budgeted revenues for the Police department are \$85,262, while total expenditures are budgeted at \$7,476,039.

The City of Monroe Police Department's mission statement is "To protect and to serve". We strive to provide our community with the highest quality of law enforcement with fair, firm and consistent public safety services in partnership with the community. The Monroe Police Department is a 24hr full-time service law enforcement agency that provides proactive and public safety services to our community. The department works to develop our agency and programs that will continue building strong relationships between the community and the department.

Law Enforcement Operations consist of Uniform Patrol, Criminal Investigations, SWAT, Joint Operations and Evidence/Property/Crime Technician. We also offer service and support in the capacity of day to day administrative operations, open records requests of the department, security for the Municipal Court, as well as training and state certification.

Ongoing Objectives:

- To continue to be fiscally responsible and manage the departments' needs while remaining within our allotted budget
- To add two law enforcement positions for 2024.
- Continue to develop and provide the best quality training for our officers so they can meet the needs of our community while conducting themselves in the most courteous and professional manner.
- Implement a community policing program.
- Continue to provide professional public safety services to our community while managing our resources in a conservative and responsible manner that reflects our City's leadership visions, goals and responsiveness to our community.
- Continue to develop and implement a sustainable fleet management program that meets the needs of the Monroe Police Department and the community we serve.
- Establish and retain adequate law enforcement staffing required to accomplish our mission in a very fluid and challenging public safety environment. As well as prepare for the future growth of Monroe.
- Update and adjust wage compensation for recruiting and retention of law enforcement officers.
- Ensure detectives attend pipeline training for CID.
- Enroll property and evidence supervisor in crime scene processing classes.

Accomplishments

- Worked 700+ MVA's
- Handled an average of 2,200 calls for service per month
- Projected for the year a total of 26,524 calls for service with 1,073 arrests
- Conducted and or participated in 8,562 plus hours of training (double the amount for 2022)
- Purchased four new Chevrolet Tahoe SUV vehicles
- Installed 10 new Flock cameras within the city (paid for out of Asset Forfeiture Funds)
- The gymnasium of the Monroe Police Department posted 88% of participants working out in 2023
- Replaced 15 laptops and 15 docking stations in patrol cars
- Purchased a motorcycle and equipped it for use in the downtown area of Monroe
- Achieved requirements for State Certification this year
- Implement incentives for LEO and civilians
- Awarded Grant from Governor's Office of Highway Safety in the amount of \$56,172 for salaries and equipment
- Filled open vacancies
- Added two officers to the current Traffic Unit for a total of four
- Implemented leadership requirements for Supervisors and Managers
- Presented a Citizen Life Saving Award
- Implemented Taser 7 allowing cameras in cars as well as on LEO
- Tag readers in each patrol vehicle
- Purchased Magnum/Axiom software to download cellphones, computers, and laptops
- Purchased Surface Pro 8 tablets for the remainder of CID for investigative purposes

- Purchased a faraday block box, and faraday bags and portable batteries for each shift
- Purchased FRED computer to operate Greyshift and Axiom software for digital forensics
- Trained two investigative personnel for ICAC taskforce
- Investigative personnel set up and attended BIRDIE digital forensics class taught by FLETC
- Outfitted all investigative employees with professional dress attire
- The CID has assigned 285 cases. Of the cases, 76 have been closed by the issuance of arrest warrants, 160 warrants have been issued in total and 165 cases have been closed.
- Worked four homicide cases resulting in six arrests

Police Shop With a Cop Fund

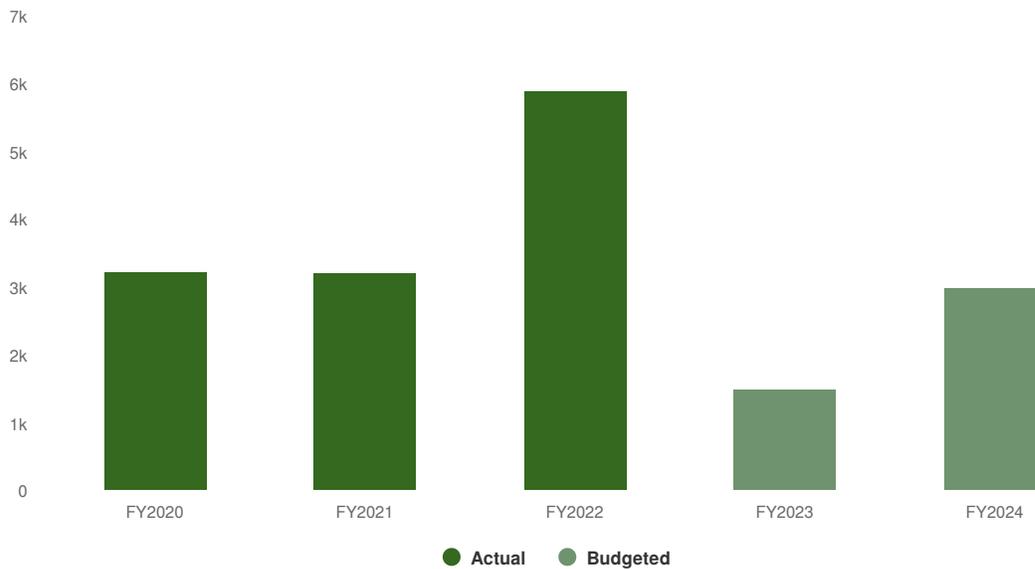

Chief RV Watts
Department Director

This fund is set aside for public donations from the community each year for the Shop with a Cop event held by the City of Monroe Police department during the holiday season. This is to help children within our community, who are in need and to help build relationships between police officers and the citizens.

Expenditures Summary

Sewer Collection & Treatment

Rodney Middlebrooks
Department Director

Total FY2024 budgeted revenues for the Sewer department are \$6,035,167, while total expenditures are budgeted at \$5,751,710.

The Sewer department is responsible for the management, repair and operation of the sewer collection and treatment of the system. We continue to ensure the reliable operation of the wastewater collection and transmission systems through the regular cleaning, inspecting and rehabilitation of system components to over 7,800 customers. Conserve, protect and sustain the environmental resources in our communities and state through environmental stewardship. Over the past several years we have continued to rehab sewer lines through Community Development Block Grants grants. We assess our capital improvement plan annually to provide and maintain adequate wastewater facilities to serve both existing and planned development.

The Jack’s Creek Wastewater Treatment plant (WWTP) is a 3.4-MGD trickling filter plant that provides secondary treatment capable of handling peak flows of 9.5 MGD. The sewerage collection system primarily serves areas inside and adjacent to the corporate City limits. This collection system includes approximately 140 miles of sewer lines and 7 lift stations.

Ongoing Objectives:

- Ensure reliable operations of the wastewater collection and transmission systems through regular maintenance, inspection & rehabilitation of system components.
- Continue to ensure adequate funding is available for maintenance of infrastructure and future capital improvements
- Ensure safe and reliable wastewater treatment and collection through training and being in compliance with all Federal, State and Local requirements.

Performance Measures

	FY2022	FY2023	FY2024
Gallons of treatment	1.79 MGD average	YTD 2.13 MGD average	2.35 MGD average proposed
Continue to update aging infrastructure with capital funds & grant funds	1/2 mile main rehab, 1/2 mile new main installed, 49 service replacements	YTD-1690' of rehab, 1100' of new main installed, 31 services replaced	Proposed 1.5 miles main rehab, 125 service replacements

Expenditures Summary

\$5,751,710 **\$35,174**
(0.62% vs. prior year)

Sewer Rates

SEWER RATES

RESIDENTIAL

(Effective January 1, 2014)

	Inside City	Outside City
Base Charge	\$15.00 per month	\$20.00 per month
Volumetric Charge	\$3.58 per 1000 gals of water used	\$5.33 per 1000 gals of water used
Minimum Bill	\$22.16 per month	\$30.66 per month

COMMERCIAL / INDUSTRIAL

(Effective January 1, 2014)

The monthly Sewer charge is 190% of the current monthly water charge.

The minimum bill will be determined by the base charge of the water meter size.

WASTEWATER PUMP STATION MAINTENANCE FEE

(Effective June 1, 2004)

Residential Customers served by a WW Pump Station located OUTSIDE the City Limits	\$5.00 per month
---	------------------

SEWER CAMERA FEES

(Effective May 14, 2002)

\$2.00 per foot
\$100.00 Minimum Charge

SEPTIC DISCHARGE PRICING

(Effective May 1, 2013)

\$0.25 per gallon discharged

City of Monroe Wastewater Rates

WASTEWATER TAP & CONNECTION FEES
(Effective January 1, 2019)

Based on Water Meter Size

Gallons Per Minute	Size	Residential Inside City	Commercial Inside City
25	5/8"	\$3,000	\$ 5,000
50	1"	\$3,000	\$ 6,000
90	1 1/2"		\$ 7,500
130	2"		\$10,000
500	3"		\$20,000
500+	4"		\$35,000
500+	6"		\$50,000

1. Developer/Property Owner, inside the City limits, NOT located in a subdivision pays \$3000.00 (\$2,000 Sewer Main Tap Fee PLUS the \$1,000 Sewer Service Tap Fee)
2. Developer of a Subdivision, inside the City limits, pays Sewer Main Tap Fee of \$2,000 per lot & Builder in a Subdivision pays Sewer Service Tap Fee of \$1,000 per lot
3. Developer/Commercial Property Owner pays the total Base Meter Fee per lot with the remaining tap fee per lot for any tap larger than the 3/4" base meter

City of Monroe Wastewater Rates

Solid Waste Administration

Danny Smith
Department Director

The Solid Waste Department provides curbside household garbage and bulk trash pickup, commercial dumpster pickup, recycling and yard trimming pickup to about 6,700 households. The City also owns and operates a transfer station where the City contracts with other solid waste providers for the transport of solid waste to the private sector landfill. For FY2024 we have budgeted a 4% increase in collection fees for residential customers, a 10% increase in collection fees for commercial citizens & a 3% increase for transfer station customers.

Ongoing Objectives:

- Meet Federal and State guidelines and comply with environmental regulations.
- Preserve natural resources.
- Protect public health and the environment.
- Deliver consistent and quality customer service.
- Increase waste diversion rates 25% for 2024, by expanding residential and commercial recycling collection.
- Collection fleet to be 100% fully automated by 2025, to meet increasing growth and service demands inside the city.
- Continue to improve fleet communications using AI Technology, to enhance and promote driver safety.

Accomplishments

- Increased glass collection customers 9% to support our waste reduction goals.
- Increased 65-gallon recycling cart customers 20% to support our waste reduction goals.
- Purchased a CDU (Container Delivery Unit). The unit is fully automated, designed to transport commercial dumpsters to service locations for business customers.
- Purchased a 9CY rear mini-load garbage truck. The smaller, non-CDL unit is used for multiple functions, primarily in the downtown business district and special events. Also, used to service our curbside exemption customers and collect residential cardboard, for waste reduction efforts and improve route efficiency.
- Completed a new transportation agreement for disposal at the Monroe Transfer Station. The hauler, plus rate adjustments has increased disposal efficiency, by reducing the amount of overflow capacity by 34%.

Performance Measures

	FY2022	FY2023	FY2024
Recycling-Residential annual diversion rate	23%	31%	25%
Residential curbside collection-tonnage	7,092	6,425	6,573
Transfer Station inbound tonnage	108,158	113,565	74,953

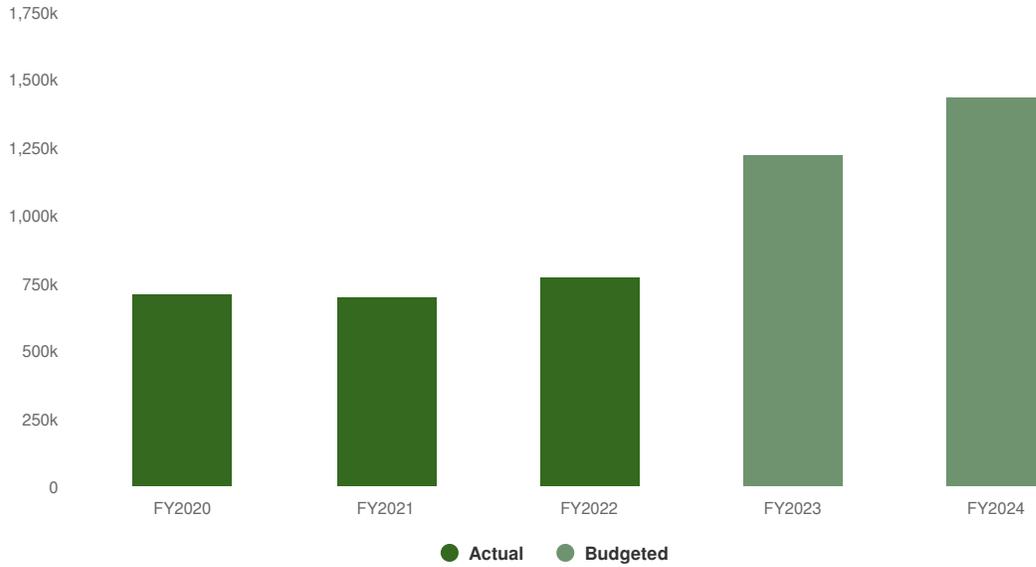

Expenditures Summary

There is a slight increase of \$167,783, in expenditures budgeted for FY2024 due to unknown increases in landfill fees and other expenses.

\$1,438,682
\$216,934
(17.76% vs. prior year)

Solid Waste Disposal

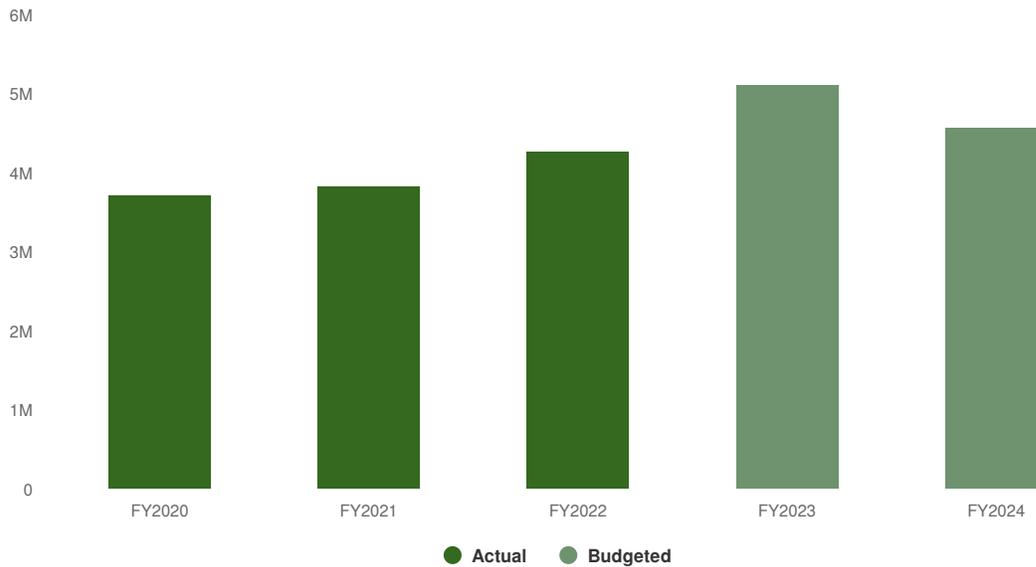

Danny Smith
Department Director

Total FY2024 budgeted revenues for the Solid Waste Disposal department are \$5,062,506, while total expenditures are budgeted at \$4,572,620. Revenues for disposal are from transfer station fees. A decrease in both revenues and expenditures from prior year are due to a decrease in transfer station haulers for the City.

Expenditures Summary

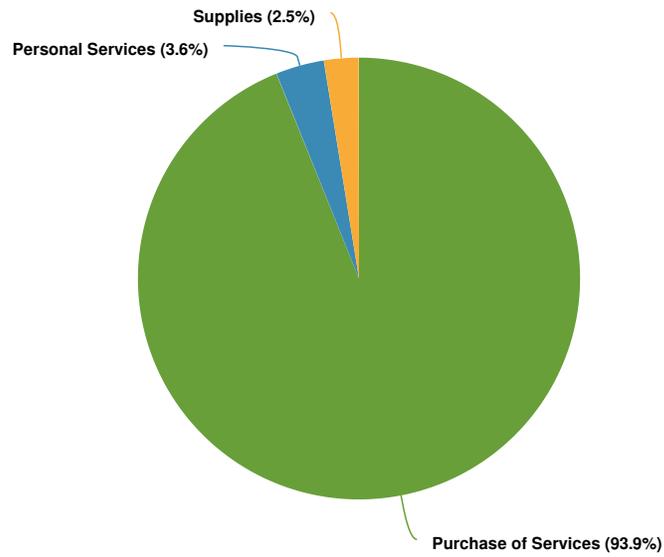

\$4,572,620 **-\$534,267**
(-10.46% vs. prior year)

Streets & Transportation

Jeremiah Still
Department Director

Total FY2024 budgeted revenues for Streets & Transportation are \$200,898, primarily from State LMIG funds. Expenditures are budgeted at \$1,818,531.

The Streets & Transportation Department maintains the city’s streets, sidewalks, storm water infrastructure, traffic controls and signage, and right of ways. The department also operates an efficient fleet service center that services the entire fleet of the city. To provide the essential services to our citizens in a prompt, courteous, safe, efficient, and cost-effective manner. The department, through its dedicated employees, strives to plan, build, maintain, and operate our public infrastructure in a sustainable manner which will preserve its assets for future generations. To improve daily operations by encouraging continuous development in our customer service, infrastructure, and employee involvement.

Ongoing Objectives:

- Provide professional, effective, and timely services to all of our residents and businesses
- Provide essential services while striving to become more efficient on a daily basis
- Safe work practices and strive for a zero-loss accident rate by following safety guidelines along with implementing new safety training methods.
- Enhance a working relationship with elected officials, the public, and each department within the municipality
- Continue a street resurfacing program through LMIG funding
- Implement a Pavement Preservation Program with third-party analysis and implement alternative methods of preservation in order to achieve a maximum life span of each roadway
- Continue to improve walkability within the City by repairing existing sidewalks according to ADA standards as well as building new sidewalks throughout the city to the same standards
- Maintain the Right of Way throughout the city by means of mowing, brush cutting, litter removal, and eliminating sight distance issues
- Maintain mandated levels of reflectivity on all signage throughout the City
- Provide the proper services to assure a safe and well operating fleet throughout the City

Performance Measures

	FY2022	FY2023	FY2024
Miles of street resurfacing	1.45 miles	1.21 miles	1.25 miles
Improve walkable streets with improved and new sidewalks	2,105 feet	2,000 feet	2,000 feet

Expenditures Summary

\$1,818,531 - \$15,498
(-0.85% vs. prior year)

Stormwater

Jeremiah Still
Department Director

To continue an effective growth and development plan that continues to expand the overall system and rehabilitation of the existing infrastructure. This will focus on curbing, gutters, inlets, pipe locations and conditions, ponds, and all other related assets.

Ongoing Objectives:

- Development of a more effectively managed and maintained system through work order tracking, system inspections, and employee training.
- Determination of areas of system expansion for greater benefit to the overall developmental growth of the city.
- Continue to focus on safety, functionality, and improvements to existing infrastructure.
- Provide greater public education on the components, functionality, maintenance, and plans for the entire system.
- Become as self sufficient as possible within the Storm Water department in regards to testing, sampling, and reporting
- Perform annual inspections of the storm water infrastructure and act accordingly with needed repairs
- Improve/upgrade the storm water infrastructure as outdated systems are found to be failing
- Continue to develop and work within the Master Plan for Stormwater

Performance Measures

Telecom

Mike McGuire
Department Director

Total FY2024 budgeted revenues for the Telecom department are \$4,460,167, while expenditures are budgeted at \$3,962,481.

The Telecom department within the City of Monroe provides internet, fiber internet and telephone service to the citizens of Monroe and surrounding areas. The city currently serves nearly 2,000 fiber customers, over 2,800 cable modem customers and around 1,000 residential and commercial phone customers. The city is currently in a multi-year process of expanding its fiber service to all citizens in Monroe. The funding for this major project is from the 2020 Utility Revenue Bond.

Ongoing Objectives:

- Expand fiber services throughout the City
- Expand fiber services in areas beyond the city where opportunities are present
- Work to convert existing cable modem customer over to fiber
- Maintain a high level of service at the lowest possible rate

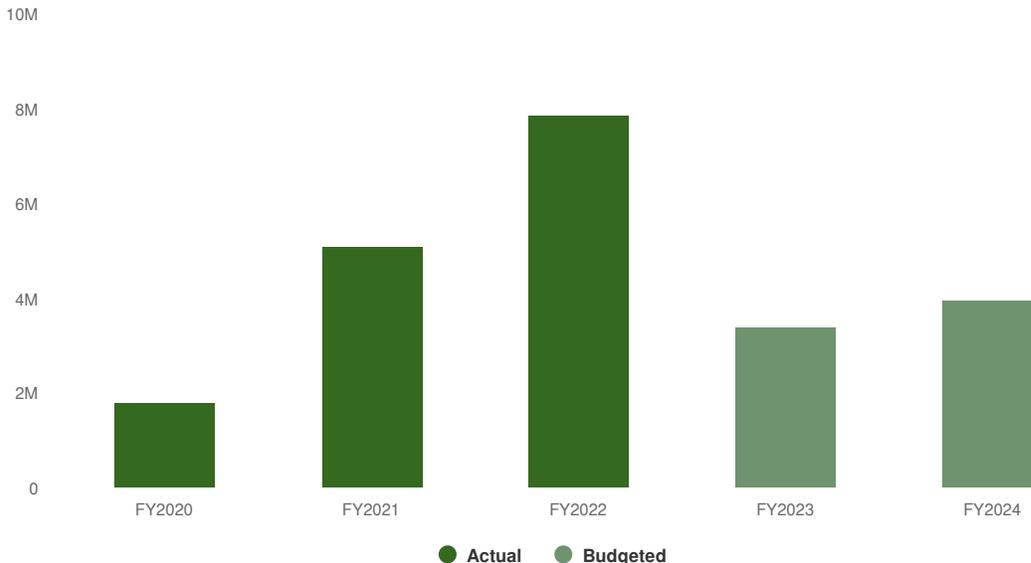

Performance Measures

	FY2022	FY2023	FY2024
Expand fiber service throughout the City	15%	30%	50%
Convert existing cable modem customers to fiber	9%	46%	70%

Expenditures Summary

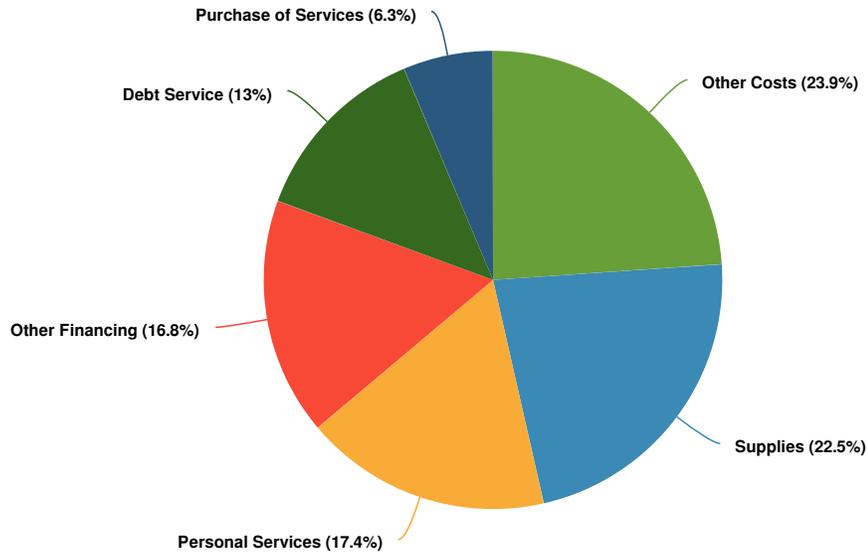

\$3,962,481 **\$551,854**
(16.18% vs. prior year)

Utility Billing

Beth Thompson
Department Director

The Utility Billing department is responsible for all meter reading and billing of all utility services in the city. Services billed include Electric, Natural Gas, Water, Sewer, Cable TV, Internet, Telephone and Garbage services for the Solid Waste department.

Ongoing Objectives:

- Implementing AMI meter reading, to be able to read, recheck, turn on & cutoff meters from City Hall.
- Provide prompt and accurate billing to our customers.
- Continue cross training with all employees to allow more streamlined workflow.
- Implemented Average Monthly Payments (AMP) also known as levelized or budget billing options for utility customers.
- Implementing electronic workorders for all field crews, to reduce the use of paper.

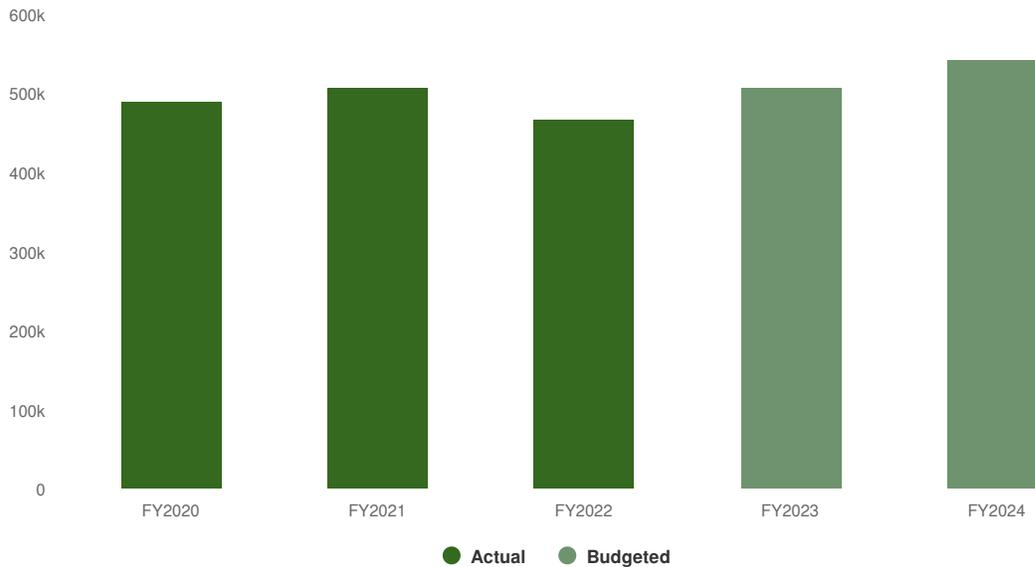

Performance Measures

	FY2022	FY2023	FY2024
Implement AMI meter reading	0%	25%	50%
Implement Average Monthly Payments/Budget Billing to utility customers	100%	100%	100%
Implement electronic workorders for all field crews	95%	95%	100%

Utility Customer Service

Beth Thompson
Department Director

The Utility Customer Service department is responsible for assisting citizens with utility services, through face-to-face interaction at City Hall, the drive-thru at City Hall, through electronic options on our website, email or phone calls. The Customer Service department also processes all payments, work orders, new service, disconnection of service and payment extensions.

Ongoing Objectives:

- Provide courteous and prompt service to our customers.
- Continue cross training with all employees to allow more streamlined workflow.
- Increase security measures and implement security training sessions for Customer Service staff along with police department personnel.
- Implemented a payment kiosk to replace the manual drop box at City Hall, to be fully automated.
- Implementing an automated payment kiosk at our Police & Municipal Court building across town as a more convenient way for customers to pay their utility bill.
- Improvements were made to the drive-thru with up-to-date technology.
- Improvements to security and space to the inside of the front counter and drive thru cashier areas.
- Continued Customer Service training with GMA & ECG for all cashiers, customer service representatives and call center agents.
- Continuous updates to Utility Customer Service policies, as needed.
- Implemented online forms for new and existing customers.

Performance Measures

	FY2022	FY2023	FY2024
Cashiers & Customer Service Reps complete ECG customer service training	50%	75%	100%
Implement all forms for online access	100%	100%	100%
Implement automated payment kiosk at City Hall	25%	100%	100%

Water Distribution & Treatment

Rodney Middlebrooks
Department Director

Total FY2024 budgeted revenues for the Water department are \$8,085,138, while total expenditures are budgeted at \$7,508,090.

The Water department is responsible for the management, repair and operation of the distribution and treatment. We are committed to providing nearly 10,900 customers with safe and reliable drinking water at the best possible rate, while being compliant with all federal, state and local requirements. We continue to ensure adequate raw water resources to meet the future demands. We annually update our capital improvement plan to ensure a replacement program for the city's deteriorating and aged water mains.

Ongoing Objectives:

- Continue to ensure reliable distribution of drinking water to residents compliant with all Federal, State & Local requirements
- Ensure adequate raw water resources to meet the City's current & future demands
- Continue to maintain annual maintenance of infrastructure & ensure adequate funding for capital improvements

500+	6"				\$17,500.00	\$26,250.00

For multi-family residential or multi-unit commercial applications, the connection fee shall be the greater of a) scheduled water connection fee based on water meter size or b) number of units/rooms in the development multiplied by \$1,000

WATER MAIN LINE TAP & FIRE LINE TAP (Effective September 12, 2007)

Size	Tap Fee
Up to 6" x 6"	\$3,500
8" x 6"	\$3,550
8" x 8"	\$3,850
10" x 6"	\$4,100
10" x 8"	\$4,400
10" x 10"	\$4,850

Hydrant tap fee is dependent on the main line tap size

City of Monroe Water Rates

ADDITIONAL WATER METERS (WITHOUT A SEPARATE TAP) (Effective September 11, 2001)

- A 5/8" x 3/4 inch water meter must be installed immediately adjacent to the existing water meter and must be connected to the same service line which supplies the existing meter.
- Customer's water line that extends from the additional water meter must end outside of the occupancy's foundation and in no way connect to the occupancy's plumbing.
- The purpose of this additional water meter shall be for lawn irrigation and other related activities.
- The consumption of this additional water meter shall not be subject to a sewer charge.

INSTALLATION FEE FOR ADDITIONAL WATER METER: \$200.00

- This Installation Fee only applies when the meter can be installed without a separate tap. Prior inspection by City Inspector to determine if separate tap is needed.
- If an additional tap is required, the standard tap fee shall apply.

NOTE: INSTALLATION FEE FOR ADDITIONAL 1" WATER METER: \$350.00

TEMPORARY WATER METER PERMIT (Effective March 12, 2002)

- \$350.00 Deposit required to use a Temporary Water Meter for water use from a Fire Hydrant at a designated location. Permit Application must be completed and deposit paid in advance of receiving water meter.

City of Monroe Water Rates

DEBT

Government-wide Debt Overview

The Constitution of the State of Georgia provides that the general obligation debt incurred by the City shall never exceed 10 percent of the assessed value of all taxable property within the City. In addition, under the Constitution of the State of Georgia, the City shall not incur any new debt without the assent of a majority of the qualified voters of the City voting in an election held for that purpose as provided by law. As computed below, the City could incur (with voter approval) approximately \$80.8 million in long-term general obligation bonds.

Legal Debt Margin Calculation for Fiscal Year 2023

Assessed Value	\$ 771,234,113
Add back exempt real property	<u>37,489,038</u>
Total assessed value	<u>\$808,723,151</u>
Debt Limit (10% of total assessed value)	\$80,872,315
Debt application to limit	\$0
Total net debt application to limit	<u>\$0</u>
Legal Debt Margin	<u>\$80,872,315</u>

The table below presents the City of Monroe's long-term debt service budgeted figures for the fiscal year ending December 31, 2024.

Debt by Type Overview

The City's bond ratings are further evidence of its financial strength. General obligation bonds are currently rated A+ by Standard & Poor's, and revenue bonds are currently rated A2 by Moody's. Having solid financial policies, prudent financial management practices and strong fund balances and financial reserves are principal reasons for these investment grade bond ratings. These ratings translate directly into lower interest rates on the City's debt.

The following tables show the debt funding requirements remaining over the life of the debt based on current outstanding debt issues. In late 2016, a GEFA loan for a meter change-out project, along with the current 2003 and 2006 Revenue Refunding Bonds were refinanced in a combined placement at a total interest rate of 2.19% with the term of the loan remaining the same. The total gross savings of the 2016 refunding is \$1,932,207 or 9.55% of savings as a percent of refunded bonds.

In 2020, the City issued a Revenue Bond in the amount of \$43,700,000 at an interest rate of 2.22% with a 30-year term, with a parity bond amount of \$6,300,000. Interest payments began in 2020 with principal payments not starting until 2027, when the Series 2016 bond is retired. These are paid through the combined utilities fund.

In 2022, a \$2,935,000 GEFA loan for construction of a new elevated water tank was approved. This loan has a \$1,000,000 principal forgiveness. Therefore, the repayment of the loan will be \$1,935,000 with an interest rate of 1.13%. Repayment of the loan will begin once the full amount of the loan is drawdown.

Below is information concerning the bond funding requirements for the City of Monroe for the period ending December 2024.

Combined Utility System

Revenue Refunding Bonds, Series 2016			
Period Ending	Principal	Interest	Debt Service
2024	1,680,000	103,587	1,783,587

Airport Encroachment Mulching

Overview

Request Owner	Chris Bailey, Assistant City Administrator
Est. Start Date	01/08/2024
Est. Completion Date	04/01/2024
Department	Airport
Type	Capital Improvement

Description

Trees that are situated parallel with the runway must be no closer than 200' from runway edge, there are currently trees that have reached enough height that are 165' from runway edge that need to be mulched and removed. This is per DOT inspection in 2023, supporting documentation attached. This project will remove these trees and all of the brush permanently instead of trimming back in the past. Estimated costs should be no more than \$24,200 (\$460/hour for 50 hours plus \$1200 mobilization).

Airport Lighting Improvements (DESIGN)

Overview

Request Owner: Chris Bailey, Assistant City Administrator
 Department: Airport
 Type: Capital Improvement

Description

Runway/Taxiway lighting is in need of an upgrade/replacement to LED lighting as current system bulbs, covers, and equipment is becoming obsolete. This will be the design element for state FY24 award hopeful, construction FY25 hopeful (dependent on obstruction removal funding availability). Federally eligible project with a 90/5/5 breakdown for funding, 5% being local match.

Obstruction Removal Runway 3/21 (OFFSITE)

Overview

Request Owner	Chris Bailey, Assistant City Administrator
Est. Start Date	01/08/2024
Est. Completion Date	04/01/2024
Department	Airport
Type	Capital Improvement

Description

November 2022 LiDar Survey results show many obstruction at state and FAA thresholds, all airports in the state are currently going through this same process. The GDOT has accepted our proposal to remove all onsite obstruction (inhouse labor/equipment) during the first quarter (winter months) of 2024, and then the remainder in 2025/2026 because of land acquisition/easements/planning and funding.

Three Phase Rebuild

Overview

Request Owner	Rodney Middlebrooks, Elec, Gas, Swr & Wtr Director
Est. Start Date	01/01/2024
Est. Completion Date	01/01/2030
Department	Electric
Type	Capital Improvement

Description

Monroe has approximately 250 three-phase spans that need to be rebuilt. This can be accomplished with either contractors or with the expansion of our line crew. Using contractors, the total cost would be \$2,250,000.00 and take approximately 5 years. Increasing the line crew size by 2, adding on 55' material handling truck, and doing the work in house would cost approximately \$1,150,000.00. This project with our own staff would take 6-7 years and save \$1,100,000.00 in today's dollars. This year's Madison Ave project was used to calculate these cost.

Equipment for New Fire Engine

Overview

Request Owner	Andrew Dykes, Fire Chief
Department	Fire Operations
Type	Capital Equipment

Description

This capital request is to fund purchasing the equipment necessary for the new fire engine (scheduled for Spring 2024 delivery) to meet its service delivery mission while also being compliant with the Georgia Firefighters Standards and Training Council, National Fire Protection Association (NFPA) 1901 Standard for Automotive Fire Apparatus, and the Insurance Services Office (ISO) Fire Suppression Rating Schedule (FSRS) equipment requirements for fire apparatus. Equipment included in the request includes, but is not limited to, fire hose (supply and attack), hose appliances, nozzles, apparatus radio, portable generator, hand and power tools, portable lighting, water and dry chemical extinguishers, positive pressure fan, axes, forcible entry tools, rescue rope, foam, etc. This is a rollover request from 2023 due to the replacement station generator (2022 CIP) not being delivered, installed, and invoiced until 2023.

Fire Engine Replacement

Overview

Request Owner	Andrew Dykes, Fire Chief
Department	Fire Operations
Type	Capital Equipment

Description

This request will replace one of the department's aging fire engines with a new fire engine that meets the same operational mission. Engine 1 is a 1,500 GPM pumper manufactured by Sutphen in 2014. The apparatus is third-party tested annually to maintain pump certification. The engine has a maximum projected front line service life expectancy of 15 years and currently has over 82,500 miles and 9,000 of usage. Upon replacement, the existing engine will be placed in reserve status. New EPA regulations scheduled to go into effect in 2027 are resulting in significant increases in the cost of a diesel engine with Cummins transitioning in 2026 to the new standard. There is currently a 24-36 month lead-time on apparatus construction.

Ladder Truck Replacement

Overview

Request Owner	Andrew Dykes, Fire Chief
Department	Fire Operations
Type	Capital Equipment

Description

This request will replace the department's existing ladder truck with a new apparatus that meets the same operational mission. The department currently operates a single ladder truck, a 102' rear mount aerial platform equipped with a 2,000 GPM pump manufactured by KME in 2001. The aerial device/ladder and pump are third-party tested annually to maintain ladder and pump certification. The apparatus has a 25-year service life expectancy and has already experienced a critical weld failure in the ladder in addition to other mechanical issues that plague an aging apparatus. There is currently a 24-36 month lead time on apparatus construction.

Mobile Data Terminals (MDT) with Voiceless CAD Software

Overview

Request Owner	Andrew Dykes, Fire Chief
Department	Fire Operations
Type	Capital Equipment

Description

This request will fund the purchase of six rugged tablets (mobile data terminals), mounting hardware, and necessary software to allow responding apparatus to have access to live CAD information from the Walton County 911 Center via Motorola Voiceless CAD along with having the ability to perform other tasks including data entry into the department's RMS. The Mobile Voiceless CAD software will allow responding personnel to receive real time critical call information on the apparatus computer as quickly as the dispatchers enter the information. Currently, personnel must wait for updates to be provided by dispatchers via radio, which does not always occur due to the dispatcher's caseload. Furthermore, receiving live updates assists responding units in ensuring that adequate resources are enroute. This past summer there were two instances of passenger vehicle fires being dispatched without responding units being notified initially that the vehicles were burning inside the home's garage. Upon arrival in both instances, the vehicle fire had extended to the house, resulting in a structure fire. This information was only available to departments that were utilizing the voiceless CAD software. This expense includes approximately \$11,500 to Motorola for the accessories, hardware, and implementation of the voiceless CAD program. After implementation and the included 5-year service, annual system maintenance is less than \$1,250.

Report Management System

Overview

Request Owner	RV Watts, Police Chief
Department	Police
Type	Capital Equipment

Description

Year three of five year capital lease of report management system for Police Department. The Monroe Police Department uses Spillman Technologies for report writing and citations. It allows instant communication with Walton County Dispatch and exchange of information between other agencies in Walton County. With CAD (Computer Aided Dispatch) being used between dispatch & officers, it will show real time location & speed for when officers are doing a vehicle stop, serving a warrant or even a vehicle pursuit. It allows for precise data collection & is an extremely valuable tool when dealing with the public by showing the important data on encountering someone; such as warrants, violent histories & criminal history. This will aide officers with safety & the additional tools needed.

CITY WIDE PAVEMENT/SIGNAGE ASSESSMENT

Overview

Request Owner	Jeremiah Still, Streets & Stormwater Director
Department	Streets & Transportation
Type	Capital Improvement

Description

In previous years, we have done an assessment of our streets with a consultant using "boots on the ground". This assessment consisted of an individual physically inspecting each road for issues like potholes, deep cracking, rutting, weathering, and numerous other stresses that occur to our infrastructure. As technology has progressed in this field, this service is now offered using artificial intelligence. Our on-call engineers, Keck & Wood, now possess the ability to perform this type of assessment. This type of assessment happens by simply riding the roads at normal speeds with some type of smart device in the windshield of a vehicle. This device will record data as its vehicle travels each center line mile within the city. It possesses the ability to perform the same inspections, as well as mapping each sign on the roadway. The cost for this type of assessment is similar to what we have done in the past, only it will cover the entire city, where the previous only covered 1/3 of the city. By having a full data base annually we will be able to make better decisions in regards to how we better our most important asset, our roads.

CRACK SEALING AND HA5 APPLICATIONS

Overview

Request Owner	Jeremiah Still, Streets & Stormwater Director
Est. Start Date	07/17/2023
Est. Completion Date	08/14/2023
Department	Streets & Transportation
Type	Capital Improvement

Description

Over the past couple years we have implemented new ways to improve the infrastructure through the use of crack sealing and application of HA5 which is a high density sealant provided solely by Blount Construction. This additive to the streets creates a proper sealing on newer paved roads to extend the life of the asphalt up to 7 years.

WATER TREATMENT PLANT REQUESTS

Altoz TRX 766l Mower

Overview

Request Owner: Rodney Middlebrooks, Elec, Gas, Swr & Wtr Director
 Department: Water Treatment Plant
 Type: Capital Equipment

Description

Mower is designed to cut slopes at reservoir. We're currently cutting with skidsteer but the weight of the equipment causes ruts in the slopes. We then have to send a crew out to fix all the ruts and seed & straw the areas. This machine is designed not to cause those issues and get a better cut on those slopes.

Glossary

Abatement: A reduction or elimination of a real or personal property tax, motor vehicle excise, a fee, charge, or special assessment imposed by a governmental unit. Granted only on application of the person seeking the abatement and only by the committing governmental unit.

Accounting System: The total structure of records and procedures that identify record, classify, and report information on the financial position and operations of a governmental unit or any of its funds, account groups, and organizational components.

Accrual Basis Accounting: A method of accounting in which revenues are recorded when measurable and earned, and expenses are recognized when a good or service is used.

Accrued Interest: The amount of interest that has accumulated on the debt since the date of the last interest payment, and on the sale of a bond, the amount accrued up to but not including the date of delivery (settlement date). (See Interest)

ACFR: Comprehensive Annual Financial Report which is an audited and printed copy of the City's financial statement at the end of a given fiscal year.

Adopted Budget: The Budget as formally approved by the City Council.

Amended Budget: The Adopted Budget as formally adjusted by the City Council.

Amortization: The gradual repayment of an obligation over time and in accordance with a predetermined payment schedule.

Appropriation: A legal authorization from the community's legislative body to expend money and incur obligations for specific public purposes. An appropriation is usually limited in amount and as to the time period within which it may be expended.

Arbitrage: As applied to municipal debt, the investment of tax-exempt bonds or note proceeds in higher yielding, taxable securities. Section 103 of the Internal Revenue Service (IRS) Code restricts this practice and requires (beyond certain limits) that earnings be rebated (paid) to the IRS.

ARPA: American Rescue Plan Act funds established from the State of Georgia and Department of Treasury due to the pandemic.

Assessed Valuation: A value assigned to real estate or other property by a government as the basis for levying taxes.

Audit: An examination of a community's financial systems, procedures, and data by a certified public accountant (independent auditor), and a report on the fairness of financial statements and on local compliance with statutes and regulations. The audit serves as a valuable management tool in evaluating the fiscal performance of a community.

Audit Report: Prepared by an independent auditor, an audit report includes: (a) a statement of the scope of the audit; (b) explanatory comments as to application of auditing procedures; (c) findings and opinions. It is almost always accompanied by a management letter which contains supplementary comments and recommendations.

Available Funds: Balances in the various fund types that represent non-recurring revenue sources. As a matter of sound practice, they are frequently appropriated to meet unforeseen expenses, for capital expenditures or other one-time costs.

Balance Sheet: A statement that discloses the assets, liabilities, reserves and equities of a fund or governmental unit at a specified date.

Balanced Budget: A budget in which revenues are equal to expenditures.

Betterments (Special Assessments): Whenever a specific area of a community receives benefit from a public improvement (e.g., water, sewer, sidewalk, etc.), special property taxes may be assessed to reimburse the governmental entity for all or part of the costs it incurred. Each parcel receiving benefit from the improvement is assessed for its proportionate share of the cost of such improvements. The proportionate share may be paid in full or the property owner may request that the assessors apportion the betterment over 20 years. Over the life of the betterment, one year's apportionment along with one year's committed interest computed from October 1 to October 1 is added to the tax bill until the betterment has been paid.

Bond: A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate. The term of a bond is always greater than one year. (See Note)

Bond Discount: The excess of the face value of a bond over the price for which it is acquired or sold.

Bond Premium: The excess of the price at which a bond is acquired or sold over its face value.

Bond and Interest Record: (Bond Register) – The permanent and complete record maintained by a treasurer for each bond issue. It shows the amount of interest and principal coming due each date and all other pertinent information concerning the bond issue.

Bonds Authorized and Unissued: Balance of a bond authorization not yet sold. Upon completion or abandonment of a project, any remaining balance of authorized and unissued bonds may not be used for other purposes, but must be rescinded by the community's legislative body to be removed from community's books.

Bond Issue: Generally, the sale of a certain number of bonds at one time by a governmental unit.

Bond Rating (Municipal): A credit rating assigned to a municipality to help investors assess the future ability, legal obligation, and willingness of the municipality (bond issuer) to make timely debt service payments. Stated otherwise, a rating helps prospective investors determine the level of risk associated with a given fixed-income investment. Rating agencies, such as Moody's and Standard and Poors, use rating systems, which designate a letter or a combination of letters and numerals where AAA is the highest rating and C1 is a very low rating.

Budget: A plan for allocating resources to support particular services, purposes and functions over a specified period of time. (See Performance Budget, Program Budget)

Budget Amendment: A budget amendment alters the total appropriation for a department or fund and requires approval by an ordinance passed by the Board of Commissioners.

Budget Resolution: The official enactment by the City Council legally authorizing the Financial Director to obligate and spend resources.

Budget Transfer: Intra-department Transfer: A transfer from one account in a division to another within the same division that does not increase the departments' total budget. These transfers may be made upon the approval of the Finance Director.

Capital Assets: All real and tangible property used in the operation of government, which is not easily converted into cash, and has an initial useful life extending beyond a single financial reporting period. Capital assets include land and land improvements; infrastructure such as roads, bridges, water and sewer lines; easements; buildings and building improvements; vehicles, machinery and equipment. Communities typically define capital assets in terms of a minimum useful life and a minimum initial cost. (See Fixed Assets)

Capital Budget: An appropriation or spending plan that uses borrowing or direct outlay for capital or fixed asset improvements. Among other information, a capital budget should identify the method of financing each recommended expenditure, i.e., tax levy or rates, and identify those items that were not recommended. (See Capital Assets, Fixed Assets)

Capital Improvement Program (CIP): A multi-year plan developed for capital improvements, which is updated annually. All improvements are to be made in accordance to this plan.

Capital Projects Fund: A fund used to account for financial resources used for the acquisition or construction of major capital equipment or facilities.

Cash: Currency, coin, checks, postal and express money orders and bankers' drafts on hand or on deposit with an official or agent designated as custodian of cash and bank deposits.

Cash Management: The process of monitoring the ebb and flow of money in an out of municipal accounts to ensure cash availability to pay bills and to facilitate decisions on the need for short-term borrowing and investment of idle cash.

CDBG: Community Development Block Grant.

Certificate of Deposit (CD): A bank deposit evidenced by a negotiable or non-negotiable instrument, which provides on its face that the amount of such deposit plus a specified interest payable to a bearer or to any specified person on a certain specified date, at the expiration of a certain specified time, or upon notice in writing.

Classification of Real Property: Assessors are required to classify all real property according to use into one of four classes: residential, open space, commercial, and industrial. Having classified its real properties, local officials are permitted to determine locally, within limitations established by statute and the Commissioner of Revenue, what percentage of the tax burden is to be borne by each class of real property and by personal property owners.

Confiscated Assets Fund: This fund is used to account for the City's share of monies that have been forfeited through the court system that are restricted for law enforcement purposes.

Collective Bargaining: The process of negotiating workers' wages, hours, benefits, working conditions, etc., between an employer and some or all of its employees, who are represented by a recognized labor union. regarding wages, hours and working conditions.

Construction in Progress: The cost of construction work that has been started but not yet completed.

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures.

Consumer Price Index: The statistical measure of changes, if any, in the overall price level of consumer goods and services. The index is often called the "cost-of-living index."

Cost-Benefit Analysis: A decision-making tool that allows a comparison of options based on the level of benefit derived and the cost to achieve the benefit from different alternatives.

Debt Burden: The amount of debt carried by an issuer usually expressed as a measure of value (i.e., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget.

Debt Service: The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Deficit: 1.) The excess of an entity's or fund's liabilities over its assets (See Fund Balance). 2.) The excess of expenditures or expenses over revenues during a single accounting period.

Department: A major unit of organization in the City of Monroe comprised of subunits named divisions or cost centers and responsible for the provision of a specific package of services.

Depreciation: (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence. (2) The portion of the cost of a capital asset which is charged as an expense during a fiscal period.

Encumbrance: A reservation of funds to cover obligations arising from purchase orders, contracts, or salary commitments that are chargeable to, but not yet paid from, a specific appropriation account.

Enterprise Funds: An enterprise fund is a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. It allows a community to demonstrate to the public the portion of total costs of a service that is recovered through user charges and the portion that is subsidized by the tax levy, if any. With an enterprise fund, all costs of service delivery--direct, indirect, and capital costs--are identified. This allows the community to recover total service costs through user fees if it chooses. Enterprise accounting also enables communities to reserve the "surplus" or net assets unrestricted generated by the operation of the enterprise rather than closing it out to the general fund at year-end. Services that may be treated as enterprises include, but are not limited to, water, sewer, hospital, and airport services.

Equalized Valuations (EQVs): The determination of the full and fair cash value of all property in the community that is subject to local taxation.

Estimated Receipts: A term that typically refers to anticipated local revenues often based on the previous year's receipts and represent funding sources necessary to support a community's annual budget. (See Local Receipts)

Exemptions: A discharge, established by statute, from the obligation to pay all or a portion of a property tax. The exemption is available to particular categories of property or persons upon the timely submission and approval of an application to the assessors. Properties exempt from taxation include hospitals, schools, houses of worship, and cultural institutions. Persons who may qualify for exemptions include disabled veterans, blind individuals, surviving spouses, and seniors.

Expenditure: An outlay of money made by municipalities to provide the programs and services within their approved budget.

Expense: Outflows or other using up of assets or incurring of liabilities during a period from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations for example, depreciation. This term applies to Enterprise Funds.

Fiscal Year (FY): A 12-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations.

Fiduciary Funds: Repository of money held by a municipality in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. These include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds.

Fixed Assets: Long-lived, assets such as buildings, equipment and land obtained or controlled as a result of past transactions or circumstances.

Fixed Costs: Costs that are legally or contractually mandated such as retirement, FICA/Social Security, insurance, debt service costs or interest on loans.

Float: The difference between the bank balance for a local government's account and its book balance at the end of the day. The primary factor creating float is clearing time on checks and deposits. Delays in receiving deposit and withdrawal information also influence float.

Full Faith and Credit: A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full faith and credit bonds.

Fund: An accounting entity with a self-balancing set of accounts that are segregated for the purpose of carrying on identified activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations.

Fund Accounting: Organizing financial records into multiple, segregated locations for money. A fund is a distinct entity within the municipal government in which financial resources and activity (assets, liabilities, fund balances, revenues, and expenditures) are accounted for independently in accordance with specific regulations, restrictions or limitations. Examples of funds include the general fund and enterprise funds. Communities whose accounting records are organized according to the Uniform Municipal Accounting System (UMAS) use multiple funds.

Fund Balance: Fund Balance is the difference between assets and liabilities of a governmental fund. Because assets may include non-cash items, fund balances may not represent liquid assets.

Fund Equity: The excess of assets over liabilities. A portion of the equity may be reserved or designated; the remainder is Fund Balance.

GASB 34: A major pronouncement of the Governmental Accounting Standards Board that establishes new criteria on the form and content of governmental financial statements. GASB 34 requires a report on overall financial health, not just on individual funds. It requires more complete information on the cost of delivering value estimates on public infrastructure assets, such as bridges, road, sewers, etc. It also requires the presentation of a narrative statement the government's financial performance, trends and prospects for the future.

GASB 45: This is another Governmental Accounting Standards Board major pronouncement that each public entity account for and report other postemployment benefits in its accounting statements. Through actuarial analysis, municipalities must identify the true costs of the OPEB earned by employees over their estimated years of actual service.

GAAP: Generally Accepted Accounting Principles as determined through common practice or as promulgated by the Governmental Accounting Standards Board, Financial Accounting Standards Board, or various other accounting standards setting bodies.

GEFA: Georgia Environmental Finance Authority (Formerly, Georgia Environmental Facilities Authority).

General Fund: The fund used to account for most financial resources and activities governed by the normal appropriation process.

General Obligation Bonds: Bonds issued by a municipality for purposes allowed by statute that are backed by the full faith and credit of its taxing authority.

GFOA: Government Finance Officers Association is a support organization whose purpose is to enhance and promote the professional management of governments for the public benefit.

GO Debt Service Fund: A fund established to account for the accumulation of resources for, and payment of the City's long-term debt principal and interest.

Governing Body: A board, committee, commission, or other executive or policymaking body of a municipality or school district.

Grant: A contribution of assets (usually cash) from one government unit or organization to another. Typically, these contributions are made to local governments from the state or federal governments to be used for specific purposes and require distinctive reporting.

GUTA: The Georgia Utility Training Academy (GUTA) is a training facility specializing in natural gas, water, wastewater, confined space, trenching & shoring, flagging and fire training.

Hotel/Motel Fund: This fund is used to account for hotel/motel taxes collected that are restricted for promotion of trade and tourism in the City.

Indirect Cost: Costs of a service not reflected in the operating budget of the entity providing the service. An example of an indirect cost of providing water service would be the value of time spent by non-water department employees processing water bills. A determination of these costs is necessary to analyze the total cost of service delivery. The matter of indirect costs arises most often in the context of enterprise funds.

Interest: Compensation paid or to be paid for the use of money, including amounts payable at periodic intervals or discounted at the time a loan is made. In the case of municipal bonds, interest payments accrue on a day-to-day basis, but are paid every six months.

Interest Rate: The interest payable, expressed as a percentage of the principal available for use during a specified period of time. It is always expressed in annual terms.

Insurance Premium Tax: Tax paid by insurance companies for premiums collected inside the City.

Investments: Securities and real estate held for the production of income in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in governmental operations.

L.O.S.T. (Local Option Sales Tax): Tax levied at the rate of one percent which applies to the same items as the State sales tax, except that the local option sales tax also applies to sales of motor fuels. In order to impose this tax, the qualifying entity must submit a copy of a resolution showing more than one-half of the votes cast are in favor of the tax.

Lease-Purchase Agreements: Contractual agreements that are termed leases, but that in substance are purchase contracts.

Levy: To impose taxes, special assessments or service charges for the support of government activities.

Liabilities: Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

Line Item Budget: A budget that separates spending into categories, or greater detail, such as supplies, equipment, maintenance, or salaries, as opposed to a program budget.

Local Aid: Revenue allocated by the state or counties to municipalities and school districts.

Long-Term Debt: Debt with a maturity of more than one year after the date of issuance.

Major Fund: A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements. The general fund is always a major fund. Otherwise, major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and a least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. Any other government or enterprise fund may be reported as a major fund if the government's officials believe that fund is particularly important to financial statement users.

Maturity Date: The date that the principal of a bond becomes due and payable in full.

Mill: One one-thousandth of a dollar of assessed value. A tax rate of one mill produces one dollar of taxes for each \$1,000 of assessed property valuation.

Millage: Rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.

Modified Accrual Basis: Governmental funds use the modified accrual basis of accounting. Revenues are recognized in the period in which they become both available and measurable. Expenditures are recognized at the time a liability is incurred.

Municipal(s): (As used in the bond trade) "Municipal" refers to any state or subordinate governmental unit. "Municipals" (i.e., municipal bonds) include not only the bonds of all political subdivisions, such as cities, towns, school districts, special districts, counties but also bonds of the state and agencies of the state.

Non-operating Income: Propriety fund income that is not derived from the basic operations of such enterprises.

Note: A short-term loan, typically with a maturity date of a year or less.

Objects of Expenditures: A classification of expenditures that is used for coding any department disbursement, such as "personal services," "expenses," or "capital outlay."

Official Statement: A document prepared for potential investors that contains information about a prospective bond or note issue and the issuer. The official statement is typically published with the notice of sale. It is sometimes called an offering circular or prospectus.

Operating Budget: A plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Ordinance: A formal legislative enactment by the governing body of a city. It is not in conflict with any higher form of law, such as state statute or constitutional provision; it has the full force and effect of law within the boundaries of the municipality to which it applies.

Overlapping Debt: A community's proportionate share of the debt incurred by an overlapping government entity, such as a regional school district, regional transit authority, etc.

PAFR: The Popular Annual Financial Report is a report containing extracted accounting information specifically designed to be readily accessible and easily understandable to the general public and other interested parties without a background in public finance.

Performance Budget: A budget that stresses output both in terms of economy and efficiency.

Personal Services: Expenditures for the payment of salaries, wages and fringe benefits of employees.

Principal: The face amount of a bond, exclusive of accrued interest.

Program: A combination of activities to accomplish an end.

Program Budget: A budget that relates expenditures to the programs they fund. The emphasis of a program budget is on output.

Property Tax: Tax based on assessed value of a property, either real estate or personal. Tax liability falls on the owner of record as of the appraisal date.

Proprietary Funds: This category of funds often emulates the private sector and includes Enterprise Funds. These funds are set up to measure the flow of economic resources (all assets and liabilities) and use the accrual basis of accounting.

Purchased Services: The cost of services that are provided by a vendor.

Refunding of Debt: Transaction where one bond issue is redeemed and replaced by a new bond issue under conditions generally more favorable to the issuer.

Real Property: Land, buildings, permanent fixtures, and improvements.

Renewal & Replacement (utilities): The amount needed to replace an asset such as meters, conductors, utility mains, etc.

Reserve Fund: An amount set aside annually within the budget of a town to provide a funding source for extraordinary or unforeseen expenditures.

Revaluation: The assessors of each community are responsible for developing a reasonable and realistic program to achieve the fair cash valuation of property in accordance with constitutional and statutory requirements. The nature and extent of that program will depend on the assessors' analysis and consideration of many factors, including, but not limited to, the status of the existing valuation system, the results of an in-depth sales ratio

study, and the accuracy of existing property record information.

Revenue Anticipation Note (RAN): A short-term loan issued to be paid off by revenues, such as tax collections and state aid. RANs are full faith and credit obligations.

Revenue Bond: A bond payable from and secured solely by specific revenues and thereby not a full faith and credit obligation.

Revolving Fund: Allows a community to raise revenues from a specific service and use those revenues without appropriation to support the service.

Revenue: Increases in the net current assets of a government fund type from other than expenditure refunds and residual equity transfers. Examples include property taxes, licenses and fees, and charges for services.

S.P.L.O.S.T. (Special Purpose Local Option Sales Tax): An additional 1 percent sales tax that may be imposed for a specific time period on the same items as the State sales tax. The tax may be levied with voter approval and must be used for specific capital projects or capital outlay.

Sale of Real Estate Fund: A fund established to account for the proceeds of the sale of municipal real estate other than proceeds acquired through tax title foreclosure.

Self-Insurance: The formal assumption or partial assumption of risks and the accounting of results. Specific accounts are set aside to fund the risks. Any losses which do occur are charged against those accounts or funds.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes.

Stabilization Fund: A fund designed to accumulate amounts for capital and other future spending purposes, although it may be appropriated for any lawful purpose.

Surplus Revenue: The amount by which cash, accounts receivable, and other assets exceed liabilities and reserves.

Tax Anticipation Note (TAN): Borrowing by a local government against future anticipated tax revenue.

Tax Digest: The total assessed value of taxable property for a particular area.

Tax Levy: The total amount to be raised by general property taxes for operations and debt service purposes.

Tax: A compulsory charge levied by a governmental unit for the purpose of raising revenue. These revenues are used to pay for services or improvements provided for the general public benefit.

Tax Rate: The amount of property tax stated in terms of a unit of the municipal tax base; for example, \$14.80 per \$1,000 of assessed valuation of taxable real and personal property.

Tax Title Foreclosure: The procedure initiated by a municipality to obtain legal title to real property already in tax title and on which property taxes are overdue.

Trust Fund: In general, a fund for money donated or transferred to a municipality with specific instructions on its use. As custodian of trust funds, the treasurer invests and expends such funds as stipulated by trust agreements, as directed by the commissioners of trust funds or by the community's legislative body. Both principal and interest may be used if the trust is established as an expendable trust. For nonexpendable trust funds, only interest (not principal) may be expended as directed.

TE Grant: Transportation Enhancement Grant made available by the Georgia Department of Transportation (GDOT) to provide for sidewalks, street lighting and other improvements.

User Fees: Charges or fees established to recover part or all of the costs incurred in the provision of services by a government; based on the philosophy that the recipient of the benefit should pay for the services. Also called Charges for Service.

Uncollected Funds: Recently deposited checks included in an account's balance but drawn on other banks and not yet credited by the Federal Reserve Bank or local clearinghouse to the bank cashing the checks. (These funds may not be loaned or used as part of the bank's reserves and they are not available for disbursement.)

Undesignated Fund Balance: Monies in the various government funds as of the end of the fiscal year that are neither encumbered nor reserved, and are therefore available for expenditure once certified as part of free cash.

Unreserved Fund Balance (Surplus Revenue Account): The amount by which cash, accounts receivable, and other assets exceed liabilities and restricted reserves. It is akin to a "stockholders' equity" account on a corporate balance sheet. It is not, however, available for appropriation in full because a portion of the assets listed as "accounts receivable" may be taxes receivable and uncollected. (See Free Cash)

Valuation (100 Percent): The legal requirement that a community's assessed value on property must reflect its market, or full and fair cash value.
