With the support of Monroe's Main Street Program and collaboration with TSJA, we are thrilled to present 10 remarkable sculptures on display from February 2025 to February 2026.

This 12-month loan is a testament to the creativity and partnerships that make Monroe a truly special place. Thanks to the generous funding from the Convention and Visitors Bureau and the collaboration between The Eulalia Group and the City of Monroe, these sculptures, valued at over \$1.5M, will transform our downtown into an open-air gallery, inviting visitors and residents alike to experience art in a whole new way.

Step into the world of hyper-realistic art right here in Monroe! We are excited to showcase a stunning collection of lifelike sculptures on loan from The Seward Johnson Atelier, Inc. (TSJA) of New Jersey. This unique opportunity was made possible through the vision and dedication of our local downtown partner, The Eulalia Group, who proposed the idea to bring these extraordinary sculptures to our city.
